## Easy - 20 questions

### Question 1 of 20

ID: n3-literacy-001 | Concept: crotchet-beats | Type: notation | Stages 1-5

**How many beats does this note last?**

- A. 1 (correct)
- B. 2
- C. 3
- D. 4

Visual or notation: One crotchet.

Explanation: A crotchet lasts for one beat.

Hint: A crotchet has a filled notehead and a stem.

### Question 2 of 20

ID: n3-literacy-002 | Concept: minim-beats | Type: notation | Stages 1-5

**How many beats does this note last?**

- A. 2 (correct)
- B. 1
- C. 3
- D. 4

Visual or notation: One minim.

Explanation: A minim lasts for two beats.

Hint: A minim has an open notehead and a stem.

### Question 3 of 20

ID: n3-literacy-003 | Concept: dotted-minim-beats | Type: notation | Stages 1-5

**How many beats does this note last?**

- A. 3 (correct)
- B. 2
- C. 4
- D. 1

Visual or notation: One dotted minim.

Explanation: A dotted minim lasts for three beats.

Hint: The dot adds one beat to a minim.

### Question 4 of 20

ID: n3-literacy-004 | Concept: semibreve-beats | Type: notation | Stages 1-5

**How many beats does this note last?**

- A. 4 (correct)
- B. 3
- C. 2
- D. 1

Visual or notation: One semibreve.

Explanation: A semibreve lasts for four beats.

Hint: A semibreve has an open notehead and no stem.

### Question 5 of 20

ID: n3-literacy-005 | Concept: crotchet-name | Type: notation | Stages 1-5

**What is this note value called?**

**A. Crotchet (correct)**

- B. Minim
- C. Dotted minim
- D. Semibreve

Visual or notation: One crotchet.

Explanation: This is a crotchet.

Hint: Look for a filled notehead with a stem.

### Question 6 of 20

ID: n3-literacy-006 | Concept: minim-name | Type: notation | Stages 1-5

**What is this note value called?**

**A. Minim (correct)**

- B. Crotchet
- C. Dotted minim
- D. Semibreve

Visual or notation: One minim.

Explanation: This is a minim.

Hint: Look for an open notehead with a stem.

### Question 7 of 20

ID: n3-literacy-007 | Concept: dotted-minim-name | Type: notation | Stages 1-5

**What is this note value called?**

**A. Dotted minim (correct)**

- B. Minim
- C. Crotchet
- D. Semibreve

Visual or notation: One dotted minim.

Explanation: This is a dotted minim.

Hint: The dot makes it different from an ordinary minim.

### Question 8 of 20

ID: n3-literacy-008 | Concept: semibreve-name | Type: notation | Stages 1-5

**What is this note value called?**

**A. Semibreve (correct)**

- B. Minim
- C. Crotchet
- D. Dotted minim

Visual or notation: One semibreve.

Explanation: This is a semibreve.

Hint: It is the only one of these four note values with no stem.

### Question 9 of 20

ID: n3-literacy-011 | Concept: time-signature-name | Type: notation | Stages 1-5

**What is this symbol called?**

**A. Time signature (correct)**

- B. Double barline
- C. Repeat sign
- D. Crescendo

Visual or notation: A four-four time signature.

Explanation: This is a time signature. It tells us how many beats are in each bar.

Hint: It is written at the start of the music as two numbers, one above the other.

### Question 10 of 20

ID: n3-literacy-046 | Concept: treble-clef-name | Type: notation | Stages 1-5

**What is this symbol called?**

- A. Treble clef (correct)
- B. Bass clef
- C. Time signature
- D. Double barline

Visual or notation: A treble clef.

Explanation: This symbol is a treble clef, also called a G clef.

Hint: The curl of the treble clef circles the G line on the stave.

### Question 11 of 20

ID: n3-literacy-012 | Concept: treble-clef-e | Type: notation | Stages 1-5

**What note is this?**

- A. E (correct)
- B. G
- C. B
- D. D

Visual or notation: A crotchet E on the bottom line of the treble stave.

Explanation: The bottom line of the treble stave is E.

Hint: Use the five line names: E, G, B, D, F.

### Question 12 of 20

ID: n3-literacy-047 | Concept: treble-clef-f | Type: notation | Stages 1-5

**What note is this?**

- A. F (correct)
- B. A
- C. C
- D. E

Visual or notation: A crotchet F in the first space of the treble stave.

Explanation: The first space of the treble stave is F.

Hint: Use the four space names: F, A, C, E.

### Question 13 of 20

ID: n3-literacy-013 | Concept: treble-clef-g | Type: notation | Stages 1-5

**What note is this?**

- A. G (correct)
- B. B
- C. D
- D. F

Visual or notation: A crotchet G on the second line of the treble stave.

Explanation: The second line of the treble stave is G.

Hint: Use the five line names: E, G, B, D, F.

### Question 14 of 20

ID: n3-literacy-048 | Concept: treble-clef-a | Type: notation | Stages 1-5

**What note is this?**

- A. A (correct)
- B. C
- C. E
- D. G

Visual or notation: A crotchet A in the second space of the treble stave.

Explanation: The second space of the treble stave is A.

Hint: Use the four space names: F, A, C, E.

### Question 15 of 20

ID: n3-literacy-028 | Concept: treble-clef-b | Type: notation | Stages 1-5

**What note is this?**

**A. B (correct)**

B. G

C. D

D. F

Visual or notation: A crotchet B on the middle line of the treble stave.

Explanation: The middle line of the treble stave is B.

Hint: Use the five line names: E, G, B, D, F.

### Question 16 of 20

ID: n3-literacy-014 | Concept: treble-clef-c | Type: notation | Stages 1-5

**What note is this?**

**A. C (correct)**

B. A

C. E

D. B

Visual or notation: A crotchet C in the third space of the treble stave.

Explanation: The third space of the treble stave is C.

Hint: Use the four space names: F, A, C, E.

### Question 17 of 20

ID: n3-literacy-049 | Concept: treble-clef-d | Type: notation | Stages 1-5

**What note is this?**

**A. D (correct)**

B. B

C. F

D. A

Visual or notation: A crotchet D on the fourth line of the treble stave.

Explanation: The fourth line of the treble stave is D.

Hint: Use the five line names: E, G, B, D, F.

### Question 18 of 20

ID: n3-literacy-029 | Concept: treble-clef-e-space | Type: notation | Stages 1-5

**What note is this?**

**A. E (correct)**

B. C

C. F

D. D

Visual or notation: A crotchet E in the top space of the treble stave.

Explanation: The top space of the treble stave is E.

Hint: Use the four space names: F, A, C, E.

### Question 19 of 20

ID: n3-literacy-050 | Concept: treble-clef-f-top | Type: notation | Stages 1-5

**What note is this?**

**A. F (correct)**

B. D

C. E

D. G

Visual or notation: A crotchet F on the top line of the treble stave.

Explanation: The top line of the treble stave is F.

Hint: Use the five line names: E, G, B, D, F.

### Question 20 of 20

ID: n3-literacy-015 | Concept: step | Type: notation | Stages 1-5

**What is the distance between these two notes?**

- A. Step (correct)**
- B. Leap
- C. Repeat
- D. Rest

Visual or notation: Two crotchets moving from E to F by step.

Explanation: The notes are next to each other, so they move by step.

Hint: Check whether there is a note position between the two notes.

## Medium - 13 questions

### Question 1 of 13

ID: n3-literacy-016 | Concept: stave | Type: notation | Stages 6-10

**What are the five lines and four spaces called?**

- A. Stave (correct)**
- B. Bar
- C. Time signature
- D. Rhythm

Visual or notation: A blank five-line stave.

Explanation: The five lines and four spaces used to write music are called a stave.

Hint: It is the framework on which musical notes are written.

### Question 2 of 13

ID: n3-literacy-017 | Concept: double-barline-name | Type: notation | Stages 6-10

**What is the name of this symbol?**

- A. Double barline (correct)**
- B. Repeat sign
- C. Time signature
- D. Crescendo

Visual or notation: A double barline with no repeat dots.

Explanation: Two vertical lines together form a double barline.

Hint: Check whether there are repeat dots beside the lines.

### Question 3 of 13

ID: n3-literacy-018 | Concept: double-barline-meaning | Type: notation | Stages 6-10

**What does this symbol usually mean?**

- A. The end of the music (correct)**
- B. Play the section again
- C. Play louder
- D. Play faster

Visual or notation: A double barline with no repeat dots.

Explanation: A double barline usually marks the end of the music or a section.

Hint: There are no repeat dots, so it does not tell you to repeat.

### Question 4 of 13

ID: n3-literacy-021 | Concept: crescendo-symbol | Type: notation | Stages 6-10

**What is this symbol called?**

- A. Crescendo (correct)**
- B. Diminuendo
- C. Double barline
- D. Repeat sign

Visual or notation: A crescendo hairpin.

Explanation: This opening hairpin is a crescendo sign.

Hint: The symbol opens out as the music becomes louder.

### Question 5 of 13

ID: n3-literacy-022 | Concept: diminuendo-symbol | Type: notation | Stages 6-10

**What is this symbol called?**

- A. Diminuendo (correct)
- B. Crescendo
- C. Double barline
- D. Repeat sign

Visual or notation: A diminuendo hairpin.

Explanation: This closing hairpin is a diminuendo sign.

Hint: The symbol closes in as the music becomes quieter.

### Question 6 of 13

ID: n3-literacy-053 | Concept: forte-symbol | Type: notation | Stages 6-10

**What does this symbol mean?**

- A. Loud (correct)
- B. Quiet
- C. Gradually louder
- D. Gradually quieter

Visual or notation: A forte dynamic marking.

Explanation: The symbol f means forte, which means loud.

Hint: Forte begins with f, like forceful sound.

### Question 7 of 13

ID: n3-literacy-054 | Concept: piano-symbol | Type: notation | Stages 6-10

**What does this symbol mean?**

- A. Quiet (correct)
- B. Loud
- C. Gradually quieter
- D. Gradually louder

Visual or notation: A piano dynamic marking.

Explanation: The symbol p means piano, which means quiet.

Hint: Piano begins with p, like peaceful sound.

### Question 8 of 13

ID: n3-literacy-023 | Concept: rhythm-addition-three | Type: notation | Stages 6-10

**What is the total number of beats?**

- A. 3 (correct)
- B. 2
- C. 4
- D. 5

Visual or notation: A crotchet plus a minim.

Explanation: A crotchet is worth one beat and a minim is worth two beats, making three.

Hint: Add the value of each note.

### Question 9 of 13

ID: n3-literacy-024 | Concept: rhythm-addition-four | Type: notation | Stages 6-10

**What is the total number of beats?**

- A. 4 (correct)
- B. 3
- C. 5
- D. 2

Visual or notation: A dotted minim plus a crotchet.

Explanation: A dotted minim is worth three beats and a crotchet is worth one beat, making four.

Hint: A dot adds one beat to a minim.

### Question 10 of 13

ID: n3-literacy-025 | Concept: rhythm-addition-five | Type: notation | Stages 6-10

**What is the total number of beats?**

**A. 5 (correct)**

B. 4

C. 6

D. 3

Visual or notation: A semibreve plus a crotchet.

Explanation: A semibreve is worth four beats and a crotchet is worth one beat, making five.

Hint: Start with the longest note value.

### Question 11 of 13

ID: n3-literacy-026 | Concept: rhythm-addition-two-minims | Type: notation | Stages 6-10

**What is the total number of beats?**

**A. 4 (correct)**

B. 2

C. 3

D. 6

Visual or notation: A minim plus a minim.

Explanation: Each minim is worth two beats, so two minims make four beats.

Hint: Add two beats and two beats.

### Question 12 of 13

ID: n3-literacy-027 | Concept: leap | Type: notation | Stages 6-10

**What is the distance between these two notes?**

**A. Leap (correct)**

B. Step

C. Repeat

D. Rest

Visual or notation: Two crotchets moving from E to C by leap.

Explanation: There are note positions between these two notes, so they move by leap.

Hint: A leap skips over one or more note positions.

### Question 13 of 13

ID: n3-literacy-030 | Concept: time-signature-purpose | Type: notation | Stages 6-10

**What does a time signature tell you?**

**A. How many beats are in each bar (correct)**

B. Which instrument to play

C. How loud to play

D. How fast to play

Visual or notation: A three-four time signature.

Explanation: A time signature tells you how many beats fit into each bar.

Hint: It is about organising the beat, not the sound quality.

## Hard - 33 questions

### Question 1 of 33

ID: n3-literacy-031 | Concept: complete-24-crotchet | Type: notation | Stages 11-15

**Which note value completes this 2/4 bar?**

- A. Crotchet (correct)
- B. Minim
- C. Dotted minim
- D. Semibreve

Visual or notation: A two-four bar with one crotchet and a blank.

Explanation: One crotchet is already shown. One more crotchet completes a two-beat bar.

Hint: A 2/4 bar needs two beats altogether.

### Question 2 of 33

ID: n3-literacy-032 | Concept: complete-24-minim | Type: notation | Stages 11-15

**Which note value completes this 2/4 bar?**

- A. Minim (correct)
- B. Crotchet
- C. Dotted minim
- D. Semibreve

Visual or notation: An empty two-four bar with one blank.

Explanation: The blank must last two beats to complete the bar, so it is a minim.

Hint: The bar needs two beats and the blank is the whole bar.

### Question 3 of 33

ID: n3-literacy-033 | Concept: complete-34-minim | Type: notation | Stages 11-15

**Which note value completes this 3/4 bar?**

- A. Minim (correct)
- B. Crotchet
- C. Dotted minim
- D. Semibreve

Visual or notation: A three-four bar with one crotchet and a blank.

Explanation: One crotchet uses one beat, leaving two beats. A minim completes the bar.

Hint: Subtract the one beat already shown from three beats.

### Question 4 of 33

ID: n3-literacy-034 | Concept: complete-34-crotchet | Type: notation | Stages 11-15

**Which note value completes this 3/4 bar?**

- A. Crotchet (correct)
- B. Minim
- C. Dotted minim
- D. Semibreve

Visual or notation: A three-four bar with one minim and a blank.

Explanation: A minim uses two beats, leaving one beat. A crotchet completes the bar.

Hint: Subtract two beats from the three beats in the bar.

### Question 5 of 33

ID: n3-literacy-035 | Concept: complete-34-two-crotchets | Type: notation | Stages 11-15

**Which note value completes this 3/4 bar?**

- A. Crotchet (correct)
- B. Minim
- C. Dotted minim
- D. Semibreve

Visual or notation: A three-four bar with two crotchets and a blank.

Explanation: Two crotchets use two beats, leaving one beat. A crotchet completes the bar.

Hint: Count the beats already used before choosing the missing note.

### Question 6 of 33

ID: n3-literacy-036 | Concept: complete-44-minim | Type: notation | Stages 11-15

**Which note value completes this bar?**

- A. Minim (correct)
- B. Crotchet
- C. Dotted minim
- D. Semibreve

Visual or notation: A four-four bar with one minim and a blank.

Explanation: A minim uses two beats, leaving two beats. Another minim completes the bar.

Hint: A 4/4 bar needs four beats altogether.

### Question 7 of 33

ID: n3-literacy-037 | Concept: complete-44-two-crotchets | Type: notation | Stages 11-15

**Which note value completes this bar?**

- A. Minim (correct)
- B. Crotchet
- C. Dotted minim
- D. Semibreve

Visual or notation: A four-four bar with two crotchets and a blank.

Explanation: Two crotchets use two beats, leaving two beats. A minim completes the bar.

Hint: Subtract the two shown beats from the four beats in the bar.

### Question 8 of 33

ID: n3-literacy-038 | Concept: complete-44-dotted-minim | Type: notation | Stages 11-15

**Which note value completes this bar?**

- A. Crotchet (correct)
- B. Minim
- C. Dotted minim
- D. Semibreve

Visual or notation: A four-four bar with a dotted minim and a blank.

Explanation: A dotted minim uses three beats, leaving one beat. A crotchet completes the bar.

Hint: A dotted minim is worth three beats.

### Question 9 of 33

ID: n3-literacy-039 | Concept: time-signature-from-two-beat-bar | Type: notation | Stages 11-15

**Which time signature fits this complete bar?**

- A. 2/4 (correct)
- B. 3/4
- C. 4/4
- D. 5/4

Visual or notation: A bar containing two crotchets.

Explanation: Two crotchets make two beats, so this is a 2/4 bar.

Hint: Count the total number of beats in the bar.

### Question 10 of 33

ID: n3-literacy-040 | Concept: time-signature-from-three-beat-bar | Type: notation | Stages 11-15

**Which time signature fits this complete bar?**

- A. 3/4 (correct)
- B. 2/4
- C. 4/4
- D. 5/4

Visual or notation: A bar containing three crotchets.

Explanation: Three crotchets make three beats, so this is a 3/4 bar.

Hint: Count the total number of beats in the bar.

### Question 11 of 33

ID: n3-literacy-041 | Concept: time-signature-from-four-beat-bar | Type: notation | Stages 11-15

**Which time signature fits this complete bar?**

**A. 4/4 (correct)**

B. 2/4

C. 3/4

D. 5/4

Visual or notation: A bar containing four crotchets.

Explanation: Four crotchets make four beats, so this is a 4/4 bar.

Hint: Count the total number of beats in the bar.

### Question 12 of 33

ID: n3-literacy-042 | Concept: rhythm-sum-six | Type: notation | Stages 11-15

**What is the total number of beats?**

**A. 6 beats (correct)**

B. 5 beats

C. 4 beats

D. 3 beats

Visual or notation: A crotchet plus a minim plus a dotted minim.

Explanation: A crotchet is one, a minim is two and a dotted minim is three:  $1 + 2 + 3 = 6$  beats.

Hint: Write the value of each note before adding.

### Question 13 of 33

ID: n3-literacy-043 | Concept: rhythm-sum-three | Type: notation | Stages 11-15

**What is the total number of beats?**

**A. 3 beats (correct)**

B. 2 beats

C. 4 beats

D. 5 beats

Visual or notation: A semibreve minus a minim plus a crotchet.

Explanation: A semibreve is four beats.  $4 - 2 + 1 = 3$  beats.

Hint: Work from left to right using the note values.

### Question 14 of 33

ID: n3-literacy-044 | Concept: rhythm-sum-four | Type: notation | Stages 11-15

**What is the total number of beats?**

**A. 4 beats (correct)**

B. 3 beats

C. 5 beats

D. 2 beats

Visual or notation: A dotted minim plus a minim minus a crotchet.

Explanation: A dotted minim is three beats, a minim is two and a crotchet is one:  $3 + 2 - 1 = 4$  beats.

Hint: Change each note value into a number first.

### Question 15 of 33

ID: n3-literacy-045 | Concept: rhythm-sum-one | Type: notation | Stages 11-15

**What is the total number of beats?**

**A. 1 beat (correct)**

B. 2 beats

C. 3 beats

D. 4 beats

Visual or notation: A semibreve minus a minim minus a crotchet.

Explanation: A semibreve is four beats.  $4 - 2 - 1 = 1$  beat.

Hint: Take away the minim before taking away the crotchet.

### Question 16 of 33

ID: n3-literacy-055 | Concept: complete-44-minim-crotchet | Type: notation | Stages 11-15

**Which note value completes this bar?**

- A. Crotchet (correct)**
- B. Minim
- C. Dotted minim
- D. Semibreve

Visual or notation: A four-four bar with a minim, a crotchet and a blank.

Explanation: A minim and a crotchet use three beats, leaving one beat. A crotchet completes the bar.

Hint: A 4/4 bar needs four beats altogether.

### Question 17 of 33

ID: n3-literacy-056 | Concept: rhythm-completion | Type: notation | Stages 11-15

**Which note value completes this calculation?**

- A. Crotchet (correct)**
- B. Minim
- C. Dotted minim
- D. Semibreve

Visual or notation: A rhythm calculation totalling 2 beats with one missing note value.

Explanation: The shown note value total 1 beat. To make 2 beats, the missing value is crotchet.

Hint: Add the shown beats, then subtract from the total.

### Question 18 of 33

ID: n3-literacy-057 | Concept: rhythm-completion | Type: notation | Stages 11-15

**Which note value completes this calculation?**

- A. Minim (correct)**
- B. Crotchet
- C. Dotted minim
- D. Semibreve

Visual or notation: A rhythm calculation totalling 3 beats with one missing note value.

Explanation: The shown note value total 1 beat. To make 3 beats, the missing value is minim.

Hint: Add the shown beats, then subtract from the total.

### Question 19 of 33

ID: n3-literacy-058 | Concept: rhythm-completion | Type: notation | Stages 11-15

**Which note value completes this calculation?**

- A. Dotted minim (correct)**
- B. Crotchet
- C. Minim
- D. Semibreve

Visual or notation: A rhythm calculation totalling 4 beats with one missing note value.

Explanation: The shown note value total 1 beat. To make 4 beats, the missing value is dotted minim.

Hint: Add the shown beats, then subtract from the total.

### Question 20 of 33

ID: n3-literacy-059 | Concept: rhythm-completion | Type: notation | Stages 11-15

**Which note value completes this calculation?**

- A. Semibreve (correct)**
- B. Crotchet
- C. Minim
- D. Dotted minim

Visual or notation: A rhythm calculation totalling 5 beats with one missing note value.

Explanation: The shown note value total 1 beat. To make 5 beats, the missing value is semibreve.

Hint: Add the shown beats, then subtract from the total.

### Question 21 of 33

ID: n3-literacy-060 | Concept: rhythm-completion | Type: notation | Stages 11-15

**Which note value completes this calculation?**

- A. Crotchet (correct)**
- B. Minim
- C. Dotted minim
- D. Semibreve

Visual or notation: A rhythm calculation totalling 3 beats with one missing note value.

Explanation: The shown note value total 2 beats. To make 3 beats, the missing value is crotchet.

Hint: Add the shown beats, then subtract from the total.

### Question 22 of 33

ID: n3-literacy-061 | Concept: rhythm-completion | Type: notation | Stages 11-15

**Which note value completes this calculation?**

- A. Minim (correct)**
- B. Crotchet
- C. Dotted minim
- D. Semibreve

Visual or notation: A rhythm calculation totalling 4 beats with one missing note value.

Explanation: The shown note value total 2 beats. To make 4 beats, the missing value is minim.

Hint: Add the shown beats, then subtract from the total.

### Question 23 of 33

ID: n3-literacy-062 | Concept: rhythm-completion | Type: notation | Stages 11-15

**Which note value completes this calculation?**

- A. Dotted minim (correct)**
- B. Crotchet
- C. Minim
- D. Semibreve

Visual or notation: A rhythm calculation totalling 5 beats with one missing note value.

Explanation: The shown note value total 2 beats. To make 5 beats, the missing value is dotted minim.

Hint: Add the shown beats, then subtract from the total.

### Question 24 of 33

ID: n3-literacy-063 | Concept: rhythm-completion | Type: notation | Stages 11-15

**Which note value completes this calculation?**

- A. Semibreve (correct)**
- B. Crotchet
- C. Minim
- D. Dotted minim

Visual or notation: A rhythm calculation totalling 6 beats with one missing note value.

Explanation: The shown note value total 2 beats. To make 6 beats, the missing value is semibreve.

Hint: Add the shown beats, then subtract from the total.

### Question 25 of 33

ID: n3-literacy-064 | Concept: rhythm-completion | Type: notation | Stages 11-15

**Which note value completes this calculation?**

- A. Crotchet (correct)**
- B. Minim
- C. Dotted minim
- D. Semibreve

Visual or notation: A rhythm calculation totalling 4 beats with one missing note value.

Explanation: The shown note value total 3 beats. To make 4 beats, the missing value is crotchet.

Hint: Add the shown beats, then subtract from the total.

### Question 26 of 33

ID: n3-literacy-065 | Concept: rhythm-completion | Type: notation | Stages 11-15

**Which note value completes this calculation?**

- A. Minim (correct)
- B. Crotchet
- C. Dotted minim
- D. Semibreve

Visual or notation: A rhythm calculation totalling 5 beats with one missing note value.

Explanation: The shown note value total 3 beats. To make 5 beats, the missing value is minim.

Hint: Add the shown beats, then subtract from the total.

### Question 27 of 33

ID: n3-literacy-066 | Concept: rhythm-completion | Type: notation | Stages 11-15

**Which note value completes this calculation?**

- A. Dotted minim (correct)
- B. Crotchet
- C. Minim
- D. Semibreve

Visual or notation: A rhythm calculation totalling 6 beats with one missing note value.

Explanation: The shown note value total 3 beats. To make 6 beats, the missing value is dotted minim.

Hint: Add the shown beats, then subtract from the total.

### Question 28 of 33

ID: n3-literacy-067 | Concept: rhythm-completion | Type: notation | Stages 11-15

**Which note value completes this calculation?**

- A. Semibreve (correct)
- B. Crotchet
- C. Minim
- D. Dotted minim

Visual or notation: A rhythm calculation totalling 7 beats with one missing note value.

Explanation: The shown note value total 3 beats. To make 7 beats, the missing value is semibreve.

Hint: Add the shown beats, then subtract from the total.

### Question 29 of 33

ID: n3-literacy-068 | Concept: rhythm-completion | Type: notation | Stages 11-15

**Which note value completes this calculation?**

- A. Crotchet (correct)
- B. Minim
- C. Dotted minim
- D. Semibreve

Visual or notation: A rhythm calculation totalling 5 beats with one missing note value.

Explanation: The shown note value total 4 beats. To make 5 beats, the missing value is crotchet.

Hint: Add the shown beats, then subtract from the total.

### Question 30 of 33

ID: n3-literacy-069 | Concept: rhythm-completion | Type: notation | Stages 11-15

**Which note value completes this calculation?**

- A. Minim (correct)
- B. Crotchet
- C. Dotted minim
- D. Semibreve

Visual or notation: A rhythm calculation totalling 6 beats with one missing note value.

Explanation: The shown note value total 4 beats. To make 6 beats, the missing value is minim.

Hint: Add the shown beats, then subtract from the total.

### Question 31 of 33

ID: n3-literacy-070 | Concept: rhythm-completion | Type: notation | Stages 11-15

**Which note value completes this calculation?**

- A. Dotted minim (correct)**
- B. Crotchet
- C. Minim
- D. Semibreve

Visual or notation: A rhythm calculation totalling 7 beats with one missing note value.

Explanation: The shown note value total 4 beats. To make 7 beats, the missing value is dotted minim.

Hint: Add the shown beats, then subtract from the total.

### Question 32 of 33

ID: n3-literacy-071 | Concept: rhythm-completion | Type: notation | Stages 11-15

**Which note value completes this calculation?**

- A. Semibreve (correct)**
- B. Crotchet
- C. Minim
- D. Dotted minim

Visual or notation: A rhythm calculation totalling 8 beats with one missing note value.

Explanation: The shown note value total 4 beats. To make 8 beats, the missing value is semibreve.

Hint: Add the shown beats, then subtract from the total.

### Question 33 of 33

ID: n3-literacy-072 | Concept: rhythm-completion | Type: notation | Stages 11-15

**Which note value completes this calculation?**

- A. Crotchet (correct)**
- B. Minim
- C. Dotted minim
- D. Semibreve

Visual or notation: A rhythm calculation totalling 4 beats with one missing note value.

Explanation: The shown note values total 3 beats. To make 4 beats, the missing value is crotchet.

Hint: Add the shown beats, then subtract from the total.

## Easy - 27 questions

### Question 1 of 27

ID: n4-literacy-easy-001 | Concept: quaver-beats | Type: notation | Stages 1-5

**How many beats does this note last?**

- A. 0.5 beat (correct)
- B. 1 beat
- C. 0.25 beat
- D. 2 beats

Visual or notation: One quaver.

Explanation: A quaver lasts for half a beat.

Hint: Two quavers fit into one crotchet beat.

### Question 2 of 27

ID: n4-literacy-easy-002 | Concept: quaver-name | Type: notation | Stages 1-5

**What is this note value called?**

- A. Quaver (correct)
- B. Crotchet
- C. Semiquaver
- D. Minim

Visual or notation: One quaver.

Explanation: This note is a quaver.

Hint: A quaver has one flag.

### Question 3 of 27

ID: n4-literacy-easy-003 | Concept: paired-quavers-total | Type: notation | Stages 1-5

**What is the total number of beats?**

- A. 1 beat (correct)
- B. 0.5 beat
- C. 2 beats
- D. 0.25 beat

Visual or notation: Two paired quavers.

Explanation: Two paired quavers make one beat altogether.

Hint: Each quaver is worth half a beat.

### Question 4 of 27

ID: n4-literacy-easy-004 | Concept: paired-quavers-name | Type: notation | Stages 1-5

**What are these note values called?**

- A. Quavers (correct)
- B. Semiquavers
- C. Crotchets
- D. Minims

Visual or notation: Two paired quavers.

Explanation: These note values are quavers.

Hint: Quavers can be joined together with one beam.

### Question 5 of 27

ID: n4-literacy-easy-005 | Concept: semiquaver-beats | Type: notation | Stages 1-5

**How many beats does this note last?**

**A. 0.25 beat (correct)**

B. 0.5 beat

C. 1 beat

D. 2 beats

Visual or notation: One semiquaver.

Explanation: A semiquaver lasts for a quarter of a beat.

Hint: Four semiquavers fit into one crotchet beat.

### Question 6 of 27

ID: n4-literacy-easy-006 | Concept: semiquaver-name | Type: notation | Stages 1-5

**What is this note value called?**

**A. Semiquaver (correct)**

B. Quaver

C. Crotchet

D. Minim

Visual or notation: One semiquaver.

Explanation: This note is a semiquaver.

Hint: A semiquaver has two flags.

### Question 7 of 27

ID: n4-literacy-easy-007 | Concept: grouped-semiquavers-total | Type: notation | Stages 1-5

**What is the total number of beats?**

**A. 1 beat (correct)**

B. 0.5 beat

C. 2 beats

D. 4 beats

Visual or notation: Four grouped semiquavers.

Explanation: Four grouped semiquavers make one beat altogether.

Hint: Each semiquaver is worth a quarter of a beat.

### Question 8 of 27

ID: n4-literacy-easy-008 | Concept: grouped-semiquavers-name | Type: notation | Stages 1-5

**What are these note values called?**

**A. Semiquavers (correct)**

B. Quavers

C. Crotchets

D. Minims

Visual or notation: Four grouped semiquavers.

Explanation: These note values are semiquavers.

Hint: Semiquavers can be grouped together with two beams.

### Question 9 of 27

ID: n4-literacy-easy-009 | Concept: repeat-sign-name | Type: notation | Stages 1-5

**What is the name of this symbol?**

**A. Repeat sign (correct)**

B. Double barline

C. Time signature

D. Treble clef

Visual or notation: A right repeat sign.

Explanation: This is a repeat sign.

Hint: Look for the two dots beside the barlines.

### Question 10 of 27

ID: n4-literacy-easy-010 | Concept: repeat-sign-meaning | Type: notation | Stages 1-5

**What does this symbol mean?**

- A. Play the section again (correct)**
- B. Finish the music
- C. Play more loudly
- D. Play more slowly

Visual or notation: A right repeat sign.

Explanation: A repeat sign tells the performer to play the section again.

Hint: The two dots distinguish it from an ordinary double barline.

### Question 11 of 27

ID: n4-literacy-easy-011 | Concept: mezzo-piano-meaning | Type: notation | Stages 1-5

**What does this symbol mean?**

- A. Moderately quiet (correct)**
- B. Very quiet
- C. Moderately loud
- D. Very loud

Visual or notation: The dynamic marking mezzo piano.

Explanation: mp means mezzo piano: moderately quiet.

Hint: Mezzo means moderately and piano means quiet.

### Question 12 of 27

ID: n4-literacy-easy-012 | Concept: mezzo-piano-name | Type: notation | Stages 1-5

**What is the name of this dynamic?**

- A. Mezzo piano (correct)**
- B. Mezzo forte
- C. Piano
- D. Pianissimo

Visual or notation: The dynamic marking mezzo piano.

Explanation: The dynamic marking mp is called mezzo piano.

Hint: Read both letters in the symbol.

### Question 13 of 27

ID: n4-literacy-easy-013 | Concept: mezzo-forte-meaning | Type: notation | Stages 1-5

**What does this symbol mean?**

- A. Moderately loud (correct)**
- B. Very loud
- C. Moderately quiet
- D. Very quiet

Visual or notation: The dynamic marking mezzo forte.

Explanation: mf means mezzo forte: moderately loud.

Hint: Mezzo means moderately and forte means loud.

### Question 14 of 27

ID: n4-literacy-easy-014 | Concept: mezzo-forte-name | Type: notation | Stages 1-5

**What is the name of this dynamic?**

- A. Mezzo forte (correct)**
- B. Mezzo piano
- C. Forte
- D. Fortissimo

Visual or notation: The dynamic marking mezzo forte.

Explanation: The dynamic marking mf is called mezzo forte.

Hint: Read both letters in the symbol.

### Question 15 of 27

ID: n4-literacy-easy-015 | Concept: two-bar-repetition | Type: notation | Stages 1-5

**What relationship is shown between the two bars?**

- A. Repetition (correct)
- B. Sequence higher
- C. Sequence lower
- D. None of these

Visual or notation: Two bars showing exact melodic repetition.

Explanation: The second bar repeats exactly the same notes as the first bar.

Hint: Compare every note in the second bar with the first.

### Question 16 of 27

ID: n4-literacy-easy-016 | Concept: two-bar-repetition | Type: notation | Stages 1-5

**What relationship is shown between the two bars?**

- A. Repetition (correct)
- B. Sequence higher
- C. Sequence lower
- D. None of these

Visual or notation: Two bars showing exact melodic repetition.

Explanation: The second bar repeats exactly the same notes as the first bar.

Hint: Compare every note in the second bar with the first.

### Question 17 of 27

ID: n4-literacy-easy-017 | Concept: two-bar-repetition | Type: notation | Stages 1-5

**What relationship is shown between the two bars?**

- A. Repetition (correct)
- B. Sequence higher
- C. Sequence lower
- D. None of these

Visual or notation: Two bars showing exact melodic repetition.

Explanation: The second bar repeats exactly the same notes as the first bar.

Hint: Compare every note in the second bar with the first.

### Question 18 of 27

ID: n4-literacy-easy-018 | Concept: two-bar-repetition | Type: notation | Stages 1-5

**What relationship is shown between the two bars?**

- A. Repetition (correct)
- B. Sequence higher
- C. Sequence lower
- D. None of these

Visual or notation: Two bars showing exact melodic repetition.

Explanation: The second bar repeats exactly the same notes as the first bar.

Hint: Compare every note in the second bar with the first.

### Question 19 of 27

ID: n4-literacy-easy-019 | Concept: treble-stave-note-e4 | Type: notation | Stages 1-5

**What note is this?**

- A. E (correct)
- B. G
- C. F
- D. D

Visual or notation: A crotchet E on the treble stave.

Explanation: This note is E.

Hint: Use the line names E, G, B, D, F and the space names F, A, C, E.

### Question 20 of 27

ID: n4-literacy-easy-020 | Concept: treble-stave-note-f4 | Type: notation | Stages 1-5

**What note is this?**

**A. F (correct)**

B. A

C. E

D. G

Visual or notation: A crotchet F on the treble stave.

Explanation: This note is F.

Hint: Use the line names E, G, B, D, F and the space names F, A, C, E.

### Question 21 of 27

ID: n4-literacy-easy-021 | Concept: treble-stave-note-g4 | Type: notation | Stages 1-5

**What note is this?**

**A. G (correct)**

B. B

C. F

D. A

Visual or notation: A crotchet G on the treble stave.

Explanation: This note is G.

Hint: Use the line names E, G, B, D, F and the space names F, A, C, E.

### Question 22 of 27

ID: n4-literacy-easy-022 | Concept: treble-stave-note-a4 | Type: notation | Stages 1-5

**What note is this?**

**A. A (correct)**

B. C

C. G

D. B

Visual or notation: A crotchet A on the treble stave.

Explanation: This note is A.

Hint: Use the line names E, G, B, D, F and the space names F, A, C, E.

### Question 23 of 27

ID: n4-literacy-easy-023 | Concept: treble-stave-note-b4 | Type: notation | Stages 1-5

**What note is this?**

**A. B (correct)**

B. D

C. A

D. C

Visual or notation: A crotchet B on the treble stave.

Explanation: This note is B.

Hint: Use the line names E, G, B, D, F and the space names F, A, C, E.

### Question 24 of 27

ID: n4-literacy-easy-024 | Concept: treble-stave-note-c5 | Type: notation | Stages 1-5

**What note is this?**

**A. C (correct)**

B. E

C. B

D. D

Visual or notation: A crotchet C on the treble stave.

Explanation: This note is C.

Hint: Use the line names E, G, B, D, F and the space names F, A, C, E.

### Question 25 of 27

ID: n4-literacy-easy-025 | Concept: treble-stave-note-d5 | Type: notation | Stages 1-5

**What note is this?**

**A. D (correct)**

B. F

C. C

D. E

Visual or notation: A crotchet D on the treble stave.

Explanation: This note is D.

Hint: Use the line names E, G, B, D, F and the space names F, A, C, E.

### Question 26 of 27

ID: n4-literacy-easy-026 | Concept: treble-stave-note-e5 | Type: notation | Stages 1-5

**What note is this?**

**A. E (correct)**

B. G

C. D

D. F

Visual or notation: A crotchet E on the treble stave.

Explanation: This note is E.

Hint: Use the line names E, G, B, D, F and the space names F, A, C, E.

### Question 27 of 27

ID: n4-literacy-easy-027 | Concept: treble-stave-note-f5 | Type: notation | Stages 1-5

**What note is this?**

**A. F (correct)**

B. A

C. E

D. G

Visual or notation: A crotchet F on the treble stave.

Explanation: This note is F.

Hint: Use the line names E, G, B, D, F and the space names F, A, C, E.

## Medium - 32 questions

### Question 1 of 32

ID: n4-literacy-medium-001 | Concept: ledger-note-c4 | Type: notation | Stages 6-10

**What note is this?**

**A. C (correct)**

B. D

C. B

D. E

Visual or notation: A crotchet C shown below the treble stave.

Explanation: This ledger-line note is C.

Hint: Count carefully from the nearest line or space on the stave.

### Question 2 of 32

ID: n4-literacy-medium-002 | Concept: ledger-note-d4 | Type: notation | Stages 6-10

**What note is this?**

**A. D (correct)**

B. C

C. E

D. B

Visual or notation: A crotchet D shown below the treble stave.

Explanation: This ledger-line note is D.

Hint: Count carefully from the nearest line or space on the stave.

### Question 3 of 32

ID: n4-literacy-medium-003 | Concept: ledger-note-g5 | Type: notation | Stages 6-10

**What note is this?**

**A. G (correct)**

B. F

C. A

D. E

Visual or notation: A crotchet G shown above the treble stave.

Explanation: This ledger-line note is G.

Hint: Count carefully from the nearest line or space on the stave.

### Question 4 of 32

ID: n4-literacy-medium-004 | Concept: ledger-note-a5 | Type: notation | Stages 6-10

**What note is this?**

**A. A (correct)**

B. G

C. F

D. B

Visual or notation: A crotchet A shown above the treble stave.

Explanation: This ledger-line note is A.

Hint: Count carefully from the nearest line or space on the stave.

### Question 5 of 32

ID: n4-literacy-medium-005 | Concept: ledger-note-c4 | Type: notation | Stages 6-10

**What note is this?**

**A. C (correct)**

B. A

C. D

D. E

Visual or notation: A crotchet C shown below the treble stave.

Explanation: This ledger-line note is C.

Hint: Count carefully from the nearest line or space on the stave.

### Question 6 of 32

ID: n4-literacy-medium-009 | Concept: two-bar-sequence | Type: notation | Stages 6-10

**What relationship is shown between the two bars?**

A. Repetition

**B. Sequence higher (correct)**

C. Sequence lower

D. None of these

Visual or notation: Two bars showing a melodic sequence one step higher.

Explanation: Every note in the second bar is one step higher, so this is a sequence higher.

Hint: Check whether every note has moved by the same step, then decide whether it moved higher or lower.

### Question 7 of 32

ID: n4-literacy-medium-010 | Concept: two-bar-sequence | Type: notation | Stages 6-10

**What relationship is shown between the two bars?**

A. Repetition

**B. Sequence higher (correct)**

C. Sequence lower

D. None of these

Visual or notation: Two bars showing a melodic sequence one step higher.

Explanation: Every note in the second bar is one step higher, so this is a sequence higher.

Hint: Check whether every note has moved by the same step, then decide whether it moved higher or lower.

### Question 8 of 32

ID: n4-literacy-medium-011 | Concept: two-bar-sequence | Type: notation | Stages 6-10

**What relationship is shown between the two bars?**

- A. Repetition
- B. Sequence higher
- C. Sequence lower (correct)**
- D. None of these

Visual or notation: Two bars showing a melodic sequence one step lower.

Explanation: Every note in the second bar is one step lower, so this is a sequence lower.

Hint: Check whether every note has moved by the same step, then decide whether it moved higher or lower.

### Question 9 of 32

ID: n4-literacy-medium-012 | Concept: two-bar-sequence | Type: notation | Stages 6-10

**What relationship is shown between the two bars?**

- A. Repetition
- B. Sequence higher
- C. Sequence lower (correct)**
- D. None of these

Visual or notation: Two bars showing a melodic sequence one step lower.

Explanation: Every note in the second bar is one step lower, so this is a sequence lower.

Hint: Check whether every note has moved by the same step, then decide whether it moved higher or lower.

### Question 10 of 32

ID: n4-literacy-medium-013 | Concept: two-bar-sequence | Type: notation | Stages 6-10

**What relationship is shown between the two bars?**

- A. Repetition
- B. Sequence higher (correct)**
- C. Sequence lower
- D. None of these

Visual or notation: Two bars showing a melodic sequence one step higher.

Explanation: Every note in the second bar is one step higher, so this is a sequence higher.

Hint: Check whether every note has moved by the same step, then decide whether it moved higher or lower.

### Question 11 of 32

ID: n4-literacy-medium-014 | Concept: two-bar-sequence | Type: notation | Stages 6-10

**What relationship is shown between the two bars?**

- A. Repetition
- B. Sequence higher
- C. Sequence lower (correct)**
- D. None of these

Visual or notation: Two bars showing a melodic sequence one step lower.

Explanation: Every note in the second bar is one step lower, so this is a sequence lower.

Hint: Check whether every note has moved by the same step, then decide whether it moved higher or lower.

### Question 12 of 32

ID: n4-literacy-medium-030 | Concept: two-bar-sequence-lower | Type: notation | Stages 6-10

**What relationship is shown between the two bars?**

- A. Repetition
- B. Sequence higher
- C. Sequence lower (correct)**
- D. None of these

Visual or notation: Two bars showing a melodic sequence one step lower.

Explanation: Every note in the second bar is one step lower, so this is a sequence lower.

Hint: Check that every note moves down by the same distance.

### Question 13 of 32

ID: n4-literacy-medium-031 | Concept: two-bar-sequence-lower | Type: notation | Stages 6-10

**What relationship is shown between the two bars?**

- A. Repetition
- B. Sequence higher
- C. Sequence lower (correct)**
- D. None of these

Visual or notation: Two bars showing a melodic sequence one step lower.

Explanation: Every note in the second bar is one step lower, so this is a sequence lower.

Hint: Check that every note moves down by the same distance.

### Question 14 of 32

ID: n4-literacy-medium-032 | Concept: two-bar-sequence-lower | Type: notation | Stages 6-10

**What relationship is shown between the two bars?**

- A. Repetition
- B. Sequence higher
- C. Sequence lower (correct)**
- D. None of these

Visual or notation: Two bars showing a melodic sequence two steps lower.

Explanation: Every note in the second bar is two steps lower, so this is a sequence lower.

Hint: Check that every note moves down by the same distance.

### Question 15 of 32

ID: n4-literacy-medium-033 | Concept: two-bar-sequence-lower | Type: notation | Stages 6-10

**What relationship is shown between the two bars?**

- A. Repetition
- B. Sequence higher
- C. Sequence lower (correct)**
- D. None of these

Visual or notation: Two bars showing a melodic sequence two steps lower.

Explanation: Every note in the second bar is two steps lower, so this is a sequence lower.

Hint: Check that every note moves down by the same distance.

### Question 16 of 32

ID: n4-literacy-medium-034 | Concept: dynamic-order-loudest | Type: text | Stages 6-10

**Which dynamic is the loudest?**

- A. f (correct)**
- B. mf
- C. mp
- D. p

Explanation: Forte, shown as f, is the loudest of these four dynamics.

Hint: The order from quietest to loudest is p, mp, mf, f.

### Question 17 of 32

ID: n4-literacy-medium-035 | Concept: dynamic-order-quietest | Type: text | Stages 6-10

**Which dynamic is the quietest?**

- A. p (correct)**
- B. mp
- C. mf
- D. f

Explanation: Piano, shown as p, is the quietest of these four dynamics.

Hint: The order from quietest to loudest is p, mp, mf, f.

### Question 18 of 32

ID: n4-literacy-medium-015 | Concept: two-rhythm-quaver-sum | Type: notation | Stages 6-10

**What is the total number of beats?**

- A. 1.5 beats (correct)
- B. 2.5 beats
- C. 3.5 beats
- D. 4.5 beats

Visual or notation: A quaver plus a crotchet.

Explanation: A quaver is worth half a beat, giving a total of 1.5 beats.

Hint: Change both note values into numbers before adding.

### Question 19 of 32

ID: n4-literacy-medium-016 | Concept: two-rhythm-quaver-sum | Type: notation | Stages 6-10

**What is the total number of beats?**

- A. 2.5 beats (correct)
- B. 1.5 beats
- C. 3.5 beats
- D. 4.5 beats

Visual or notation: A quaver plus a minim.

Explanation: A quaver is worth half a beat, giving a total of 2.5 beats.

Hint: Change both note values into numbers before adding.

### Question 20 of 32

ID: n4-literacy-medium-017 | Concept: two-rhythm-quaver-sum | Type: notation | Stages 6-10

**What is the total number of beats?**

- A. 3.5 beats (correct)
- B. 1.5 beats
- C. 2.5 beats
- D. 4.5 beats

Visual or notation: A quaver plus a dotted minim.

Explanation: A quaver is worth half a beat, giving a total of 3.5 beats.

Hint: Change both note values into numbers before adding.

### Question 21 of 32

ID: n4-literacy-medium-018 | Concept: two-rhythm-quaver-sum | Type: notation | Stages 6-10

**What is the total number of beats?**

- A. 4.5 beats (correct)
- B. 1.5 beats
- C. 2.5 beats
- D. 3.5 beats

Visual or notation: A quaver plus a semibreve.

Explanation: A quaver is worth half a beat, giving a total of 4.5 beats.

Hint: Change both note values into numbers before adding.

### Question 22 of 32

ID: n4-literacy-medium-019 | Concept: time-signature-paired-quavers | Type: notation | Stages 6-10

**Which time signature fits this complete bar?**

- A. 2/4 (correct)
- B. 3/4
- C. 4/4
- D. 5/4

Visual or notation: A complete 2/4 bar containing paired quavers.

Explanation: The rhythms total 2 beats, so the bar is in 2/4.

Hint: Count the paired quavers as one beat.

### Question 23 of 32

ID: n4-literacy-medium-020 | Concept: time-signature-paired-quavers | Type: notation | Stages 6-10

**Which time signature fits this complete bar?**

- A. 3/4 (correct)
- B. 2/4
- C. 4/4
- D. 5/4

Visual or notation: A complete 3/4 bar containing paired quavers.

Explanation: The rhythms total 3 beats, so the bar is in 3/4.

Hint: Count the paired quavers as one beat.

### Question 24 of 32

ID: n4-literacy-medium-021 | Concept: time-signature-paired-quavers | Type: notation | Stages 6-10

**Which time signature fits this complete bar?**

- A. 4/4 (correct)
- B. 2/4
- C. 3/4
- D. 5/4

Visual or notation: A complete 4/4 bar containing paired quavers.

Explanation: The rhythms total 4 beats, so the bar is in 4/4.

Hint: Count the paired quavers as one beat.

### Question 25 of 32

ID: n4-literacy-medium-022 | Concept: time-signature-paired-quavers | Type: notation | Stages 6-10

**Which time signature fits this complete bar?**

- A. 2/4 (correct)
- B. 3/4
- C. 4/4
- D. 5/4

Visual or notation: A complete 2/4 bar containing paired quavers.

Explanation: The rhythms total 2 beats, so the bar is in 2/4.

Hint: Count the paired quavers as one beat.

### Question 26 of 32

ID: n4-literacy-medium-023 | Concept: time-signature-paired-quavers | Type: notation | Stages 6-10

**Which time signature fits this complete bar?**

- A. 3/4 (correct)
- B. 2/4
- C. 4/4
- D. 5/4

Visual or notation: A complete 3/4 bar containing paired quavers.

Explanation: The rhythms total 3 beats, so the bar is in 3/4.

Hint: Count the paired quavers as one beat.

### Question 27 of 32

ID: n4-literacy-medium-024 | Concept: complete-bar-single-quaver | Type: notation | Stages 6-10

**Which note value completes this bar?**

- A. Quaver (correct)
- B. Crotchet
- C. Semiquaver
- D. Minim

Visual or notation: A 2/4 bar with a single quaver and one missing note.

Explanation: One crotchet and one quaver use one and a half beats, leaving half a beat. The missing note is a quaver.

Hint: Count the beats already shown, then subtract from the time signature.

### Question 28 of 32

ID: n4-literacy-medium-025 | Concept: complete-bar-single-quaver | Type: notation | Stages 6-10

**Which note value completes this bar?**

- A. Crotchet (correct)**
- B. Quaver
- C. Semiquaver
- D. Minim

Visual or notation: A 2/4 bar with paired quavers and one missing note.

Explanation: Paired quavers use one beat, leaving one crotchet beat. The missing note is a crotchet.

Hint: Count the beats already shown, then subtract from the time signature.

### Question 29 of 32

ID: n4-literacy-medium-026 | Concept: complete-bar-single-quaver | Type: notation | Stages 6-10

**Which note value completes this bar?**

- A. Quaver (correct)**
- B. Crotchet
- C. Semiquaver
- D. Minim

Visual or notation: A 3/4 bar with a single quaver and one missing note.

Explanation: A minim and a quaver use two and a half beats, leaving half a beat. The missing note is a quaver.

Hint: Count the beats already shown, then subtract from the time signature.

### Question 30 of 32

ID: n4-literacy-medium-027 | Concept: complete-bar-single-quaver | Type: notation | Stages 6-10

**Which note value completes this bar?**

- A. Crotchet (correct)**
- B. Quaver
- C. Semiquaver
- D. Minim

Visual or notation: A 3/4 bar with paired quavers and one missing note.

Explanation: Paired quavers and a crotchet use two beats, leaving one crotchet beat. The missing note is a crotchet.

Hint: Count the beats already shown, then subtract from the time signature.

### Question 31 of 32

ID: n4-literacy-medium-028 | Concept: complete-bar-single-quaver | Type: notation | Stages 6-10

**Which note value completes this bar?**

- A. Quaver (correct)**
- B. Crotchet
- C. Semiquaver
- D. Minim

Visual or notation: A 4/4 bar with a single quaver and one missing note.

Explanation: A dotted minim and a quaver use three and a half beats, leaving half a beat. The missing note is a quaver.

Hint: Count the beats already shown, then subtract from the time signature.

### Question 32 of 32

ID: n4-literacy-medium-029 | Concept: complete-bar-single-quaver | Type: notation | Stages 6-10

**Which note value completes this bar?**

- A. Crotchet (correct)**
- B. Quaver
- C. Semiquaver
- D. Minim

Visual or notation: A 4/4 bar with paired quavers and one missing note.

Explanation: A minim and paired quavers use three beats, leaving one crotchet beat. The missing note is a crotchet.

Hint: Count the beats already shown, then subtract from the time signature.

## Hard - 59 questions

### Question 1 of 59

ID: n4-literacy-hard-001 | Concept: beam-name | Type: notation | Stages 11-15

**What is the highlighted part of the rhythm called?**

- A. Beam (correct)**
- B. Stem
- C. Notehead
- D. Flag

Visual or notation: Paired quavers with their beam highlighted.

Explanation: The horizontal line joining the notes is called a beam.

Hint: The highlighted part joins the stems together.

### Question 2 of 59

ID: n4-literacy-hard-002 | Concept: beam-name | Type: notation | Stages 11-15

**What is the highlighted music symbol called?**

- A. Beam (correct)**
- B. Barline
- C. Ledger line
- D. Tie

Visual or notation: Grouped semiquavers with their beams highlighted.

Explanation: This horizontal joining line is a beam.

Hint: It groups short note values together.

### Question 3 of 59

ID: n4-literacy-hard-045 | Concept: note-part-stem | Type: notation | Stages 11-15

**What is the part of the note indicated by the arrow called?**

- A. Stem (correct)**
- B. Notehead
- C. Flag
- D. Beam

Visual or notation: A quaver with an arrow pointing to its stem.

Explanation: The vertical line extending from the notehead is called the stem.

Hint: Look at the straight vertical part of the note.

### Question 4 of 59

ID: n4-literacy-hard-046 | Concept: note-part-notehead | Type: notation | Stages 11-15

**What is the part of the note indicated by the arrow called?**

- A. Notehead (correct)**
- B. Stem
- C. Flag
- D. Beam

Visual or notation: A quaver with an arrow pointing to its notehead.

Explanation: The filled oval part of the note is called the notehead.

Hint: Look at the rounded part that shows the note's pitch.

### Question 5 of 59

ID: n4-literacy-hard-047 | Concept: note-part-flag | Type: notation | Stages 11-15

**What is the part of the note indicated by the arrow called?**

- A. Flag (correct)**
- B. Stem
- C. Notehead
- D. Beam

Visual or notation: A quaver with an arrow pointing to its flag.

Explanation: The curved mark attached to the top of a single quaver's stem is called the flag.

Hint: A flag appears on a single quaver instead of a beam joining it to another note.

### Question 6 of 59

ID: n4-literacy-hard-003 | Concept: mixed-quaver-semiquavers-total | Type: notation | Stages 11-15

**What is the total value of this rhythm?**

- A. 1 beat (correct)
- B. 0.5 beat
- C. 1.5 beats
- D. 2 beats

Visual or notation: A quaver followed by two semiquavers.

Explanation: The quaver is half a beat and the two semiquavers total half a beat, making one beat altogether.

Hint: Convert each note into its beat value.

### Question 7 of 59

ID: n4-literacy-hard-004 | Concept: mixed-quaver-semiquavers-total | Type: notation | Stages 11-15

**What is the total value of this rhythm?**

- A. 1 beat (correct)
- B. 0.5 beat
- C. 1.5 beats
- D. 2 beats

Visual or notation: Two semiquavers followed by a quaver.

Explanation: The quaver is half a beat and the two semiquavers total half a beat, making one beat altogether.

Hint: Convert each note into its beat value.

### Question 8 of 59

ID: n4-literacy-hard-005 | Concept: mixed-quaver-semiquavers-total | Type: notation | Stages 11-15

**What is the total value of this rhythm?**

- A. 1 beat (correct)
- B. 0.5 beat
- C. 1.5 beats
- D. 2 beats

Visual or notation: A semiquaver, a quaver and a semiquaver.

Explanation: The quaver is half a beat and the two semiquavers total half a beat, making one beat altogether.

Hint: Convert each note into its beat value.

### Question 9 of 59

ID: n4-literacy-hard-006 | Concept: mixed-quaver-semiquavers-total | Type: notation | Stages 11-15

**What is the total value of this rhythm?**

- A. 1 beat (correct)
- B. 0.5 beat
- C. 1.5 beats
- D. 2 beats

Visual or notation: A quaver and two semiquavers grouped together.

Explanation: The quaver is half a beat and the two semiquavers total half a beat, making one beat altogether.

Hint: Convert each note into its beat value.

### Question 10 of 59

ID: n4-literacy-hard-007 | Concept: three-rhythm-semiquaver-sum | Type: notation | Stages 11-15

**What is the total number of beats?**

- A. 2.25 beats (correct)
- B. 1.25 beats
- C. 1.75 beats
- D. 2.5 beats

Visual or notation: A three-part rhythm calculation involving a single semiquaver.

Explanation:  $4 \div 2 + 0.25 = 2.25$  beats.

Hint: Work from left to right and remember that one semiquaver is worth a quarter beat.

### Question 11 of 59

ID: n4-literacy-hard-008 | Concept: three-rhythm-semiquaver-sum | Type: notation | Stages 11-15

**What is the total number of beats?**

**A. 3.75 beats (correct)**

B. 1.25 beats

C. 1.75 beats

D. 2.25 beats

Visual or notation: A three-part rhythm calculation involving a single semiquaver.

Explanation:  $3 + 1 - 0.25 = 3.75$  beats.

Hint: Work from left to right and remember that one semiquaver is worth a quarter beat.

### Question 12 of 59

ID: n4-literacy-hard-009 | Concept: three-rhythm-semiquaver-sum | Type: notation | Stages 11-15

**What is the total number of beats?**

**A. 1.75 beats (correct)**

B. 1.25 beats

C. 2.25 beats

D. 2.5 beats

Visual or notation: A three-part rhythm calculation involving a single semiquaver.

Explanation:  $2 - 0.5 + 0.25 = 1.75$  beats.

Hint: Work from left to right and remember that one semiquaver is worth a quarter beat.

### Question 13 of 59

ID: n4-literacy-hard-010 | Concept: three-rhythm-semiquaver-sum | Type: notation | Stages 11-15

**What is the total number of beats?**

**A. 1.75 beats (correct)**

B. 1.25 beats

C. 2.25 beats

D. 2.5 beats

Visual or notation: A three-part rhythm calculation involving a single semiquaver.

Explanation:  $1 + 1 - 0.25 = 1.75$  beats.

Hint: Work from left to right and remember that one semiquaver is worth a quarter beat.

### Question 14 of 59

ID: n4-literacy-hard-011 | Concept: three-rhythm-semiquaver-sum | Type: notation | Stages 11-15

**What is the total number of beats?**

**A. 1.25 beats (correct)**

B. 1.75 beats

C. 2.25 beats

D. 2.5 beats

Visual or notation: A three-part rhythm calculation involving a single semiquaver.

Explanation:  $4 - 3 + 0.25 = 1.25$  beats.

Hint: Work from left to right and remember that one semiquaver is worth a quarter beat.

### Question 15 of 59

ID: n4-literacy-hard-012 | Concept: three-rhythm-semiquaver-sum | Type: notation | Stages 11-15

**What is the total number of beats?**

**A. 2.25 beats (correct)**

B. 1.25 beats

C. 1.75 beats

D. 2.5 beats

Visual or notation: A three-part rhythm calculation involving a single semiquaver.

Explanation:  $2 + 0.5 - 0.25 = 2.25$  beats.

Hint: Work from left to right and remember that one semiquaver is worth a quarter beat.

### Question 16 of 59

ID: n4-literacy-hard-013 | Concept: three-rhythm-semiquaver-sum | Type: notation | Stages 11-15

**What is the total number of beats?**

**A. 2.25 beats (correct)**

B. 1.25 beats

C. 1.75 beats

D. 2.5 beats

Visual or notation: A three-part rhythm calculation involving a single semiquaver.

Explanation:  $3 - 1 + 0.25 = 2.25$  beats.

Hint: Work from left to right and remember that one semiquaver is worth a quarter beat.

### Question 17 of 59

ID: n4-literacy-hard-014 | Concept: three-rhythm-semiquaver-sum | Type: notation | Stages 11-15

**What is the total number of beats?**

**A. 2.75 beats (correct)**

B. 1.25 beats

C. 1.75 beats

D. 2.25 beats

Visual or notation: A three-part rhythm calculation involving a single semiquaver.

Explanation:  $4 - 1 - 0.25 = 2.75$  beats.

Hint: Work from left to right and remember that one semiquaver is worth a quarter beat.

### Question 18 of 59

ID: n4-literacy-hard-015 | Concept: time-signature-grouped-semiquavers | Type: notation | Stages 11-15

**Which time signature fits this complete bar?**

**A. 2/4 (correct)**

B. 3/4

C. 4/4

D. 5/4

Visual or notation: A complete 2/4 bar containing four grouped semiquavers.

Explanation: Four grouped semiquavers equal one beat. The complete bar totals 2 beats, so it is in 2/4.

Hint: Count the group of four semiquavers as one beat.

### Question 19 of 59

ID: n4-literacy-hard-016 | Concept: time-signature-grouped-semiquavers | Type: notation | Stages 11-15

**Which time signature fits this complete bar?**

**A. 3/4 (correct)**

B. 2/4

C. 4/4

D. 5/4

Visual or notation: A complete 3/4 bar containing four grouped semiquavers.

Explanation: Four grouped semiquavers equal one beat. The complete bar totals 3 beats, so it is in 3/4.

Hint: Count the group of four semiquavers as one beat.

### Question 20 of 59

ID: n4-literacy-hard-017 | Concept: time-signature-grouped-semiquavers | Type: notation | Stages 11-15

**Which time signature fits this complete bar?**

**A. 4/4 (correct)**

B. 2/4

C. 3/4

D. 5/4

Visual or notation: A complete 4/4 bar containing four grouped semiquavers.

Explanation: Four grouped semiquavers equal one beat. The complete bar totals 4 beats, so it is in 4/4.

Hint: Count the group of four semiquavers as one beat.

### Question 21 of 59

ID: n4-literacy-hard-018 | Concept: time-signature-grouped-semiquavers | Type: notation | Stages 11-15

**Which time signature fits this complete bar?**

A. 2/4 (correct)

B. 3/4

C. 4/4

D. 5/4

Visual or notation: A complete 2/4 bar containing four grouped semiquavers.

Explanation: Four grouped semiquavers equal one beat. The complete bar totals 2 beats, so it is in 2/4.

Hint: Count the group of four semiquavers as one beat.

### Question 22 of 59

ID: n4-literacy-hard-019 | Concept: time-signature-grouped-semiquavers | Type: notation | Stages 11-15

**Which time signature fits this complete bar?**

A. 3/4 (correct)

B. 2/4

C. 4/4

D. 5/4

Visual or notation: A complete 3/4 bar containing four grouped semiquavers.

Explanation: Four grouped semiquavers equal one beat. The complete bar totals 3 beats, so it is in 3/4.

Hint: Count the group of four semiquavers as one beat.

### Question 23 of 59

ID: n4-literacy-hard-020 | Concept: time-signature-grouped-semiquavers | Type: notation | Stages 11-15

**Which time signature fits this complete bar?**

A. 4/4 (correct)

B. 2/4

C. 3/4

D. 5/4

Visual or notation: A complete 4/4 bar containing four grouped semiquavers.

Explanation: Four grouped semiquavers equal one beat. The complete bar totals 4 beats, so it is in 4/4.

Hint: Count the group of four semiquavers as one beat.

### Question 24 of 59

ID: n4-literacy-hard-021 | Concept: complete-bar-single-semiquaver | Type: notation | Stages 11-15

**Which note value completes this bar?**

A. Semiquaver (correct)

B. Crotchet

C. Quaver

D. Minim

Visual or notation: A 2/4 bar involving single semiquavers and one missing note.

Explanation: The shown notes total one and three-quarter beats, leaving one semiquaver.

Hint: Count in quarter beats before subtracting from the time signature.

### Question 25 of 59

ID: n4-literacy-hard-022 | Concept: complete-bar-single-semiquaver | Type: notation | Stages 11-15

**Which note value completes this bar?**

A. Crotchet (correct)

B. Semiquaver

C. Quaver

D. Minim

Visual or notation: A 2/4 bar involving single semiquavers and one missing note.

Explanation: The mixed semiquaver group uses one beat, leaving one crotchet beat.

Hint: Count in quarter beats before subtracting from the time signature.

### Question 26 of 59

ID: n4-literacy-hard-023 | Concept: complete-bar-single-semiquaver | Type: notation | Stages 11-15

**Which note value completes this bar?**

**A. Semiquaver (correct)**

B. Crotchet

C. Quaver

D. Minim

Visual or notation: A 3/4 bar involving single semiquavers and one missing note.

Explanation: The shown notes total two and three-quarter beats, leaving one semiquaver.

Hint: Count in quarter beats before subtracting from the time signature.

### Question 27 of 59

ID: n4-literacy-hard-024 | Concept: complete-bar-single-semiquaver | Type: notation | Stages 11-15

**Which note value completes this bar?**

**A. Crotchet (correct)**

B. Semiquaver

C. Quaver

D. Minim

Visual or notation: A 3/4 bar involving single semiquavers and one missing note.

Explanation: The mixed group and crotchet use two beats, leaving one crotchet beat.

Hint: Count in quarter beats before subtracting from the time signature.

### Question 28 of 59

ID: n4-literacy-hard-025 | Concept: complete-bar-single-semiquaver | Type: notation | Stages 11-15

**Which note value completes this bar?**

**A. Semiquaver (correct)**

B. Crotchet

C. Quaver

D. Minim

Visual or notation: A 4/4 bar involving single semiquavers and one missing note.

Explanation: The shown notes total three and three-quarter beats, leaving one semiquaver.

Hint: Count in quarter beats before subtracting from the time signature.

### Question 29 of 59

ID: n4-literacy-hard-026 | Concept: complete-bar-single-semiquaver | Type: notation | Stages 11-15

**Which note value completes this bar?**

**A. Crotchet (correct)**

B. Semiquaver

C. Quaver

D. Minim

Visual or notation: A 4/4 bar involving single semiquavers and one missing note.

Explanation: The minim and mixed group use three beats, leaving one crotchet beat.

Hint: Count in quarter beats before subtracting from the time signature.

### Question 30 of 59

ID: n4-literacy-hard-027 | Concept: two-bar-near-sequence | Type: notation | Stages 11-15

**What relationship is shown between the two bars?**

A. Repetition

B. Sequence higher

C. Sequence lower

**D. None of these (correct)**

Visual or notation: Two related bars with one altered note, showing neither sequence nor exact repetition.

Explanation: One note is a step away from the expected pattern, so the bars show neither an exact sequence nor repetition.

Hint: Check every note: a sequence must move the complete pattern by the same distance.

### Question 31 of 59

ID: n4-literacy-hard-028 | Concept: two-bar-near-sequence | Type: notation | Stages 11-15

**What relationship is shown between the two bars?**

- A. Repetition
- B. Sequence higher
- C. Sequence lower
- D. None of these (correct)**

Visual or notation: Two related bars with one altered note, showing neither sequence nor exact repetition.

Explanation: One note is a step away from the expected pattern, so the bars show neither an exact sequence nor repetition.

Hint: Check every note: a sequence must move the complete pattern by the same distance.

### Question 32 of 59

ID: n4-literacy-hard-029 | Concept: two-bar-near-sequence | Type: notation | Stages 11-15

**What relationship is shown between the two bars?**

- A. Repetition
- B. Sequence higher
- C. Sequence lower
- D. None of these (correct)**

Visual or notation: Two related bars with one altered note, showing neither sequence nor exact repetition.

Explanation: One note is a step away from the expected pattern, so the bars show neither an exact sequence nor repetition.

Hint: Check every note: a sequence must move the complete pattern by the same distance.

### Question 33 of 59

ID: n4-literacy-hard-030 | Concept: two-bar-near-sequence | Type: notation | Stages 11-15

**What relationship is shown between the two bars?**

- A. Repetition
- B. Sequence higher
- C. Sequence lower
- D. None of these (correct)**

Visual or notation: Two related bars with one altered note, showing neither sequence nor exact repetition.

Explanation: One note is a step away from the expected pattern, so the bars show neither an exact sequence nor repetition.

Hint: Check every note: a sequence must move the complete pattern by the same distance.

### Question 34 of 59

ID: n4-literacy-hard-031 | Concept: two-bar-near-sequence | Type: notation | Stages 11-15

**What relationship is shown between the two bars?**

- A. Repetition
- B. Sequence higher
- C. Sequence lower
- D. None of these (correct)**

Visual or notation: Two related bars with one altered note, showing neither sequence nor exact repetition.

Explanation: One note is a step away from the expected pattern, so the bars show neither an exact sequence nor repetition.

Hint: Check every note: a sequence must move the complete pattern by the same distance.

### Question 35 of 59

ID: n4-literacy-hard-032 | Concept: two-bar-near-sequence | Type: notation | Stages 11-15

**What relationship is shown between the two bars?**

- A. Repetition
- B. Sequence higher
- C. Sequence lower
- D. None of these (correct)**

Visual or notation: Two related bars with one altered note, showing neither sequence nor exact repetition.

Explanation: One note is a step away from the expected pattern, so the bars show neither an exact sequence nor repetition.

Hint: Check every note: a sequence must move the complete pattern by the same distance.

### Question 36 of 59

ID: n4-literacy-hard-033 | Concept: three-rhythm-completion | Type: notation | Stages 11-15

**Which note value completes this calculation?**

- A. Quaver (correct)
- B. Semiquaver
- C. Crotchet
- D. Minim

Visual or notation: A three-rhythm calculation totalling 3.5 beats with the first note value missing.

Explanation:  $0.5 + 2 + 1 = 3.5$  beats, so the missing first note value is a quaver.

Hint: Add the two visible note values, then subtract their total from the completed answer.

### Question 37 of 59

ID: n4-literacy-hard-034 | Concept: three-rhythm-completion | Type: notation | Stages 11-15

**Which note value completes this calculation?**

- A. Semiquaver (correct)
- B. Quaver
- C. Crotchet
- D. Minim

Visual or notation: A three-rhythm calculation totalling 4.25 beats with the middle note value missing.

Explanation:  $3 + 0.25 + 1 = 4.25$  beats, so the missing middle note value is a semiquaver.

Hint: Add the two visible note values, then subtract their total from the completed answer.

### Question 38 of 59

ID: n4-literacy-hard-035 | Concept: three-rhythm-completion | Type: notation | Stages 11-15

**Which note value completes this calculation?**

- A. Minim (correct)
- B. Crotchet
- C. Dotted minim
- D. Semibreve

Visual or notation: A three-rhythm calculation totalling 3.5 beats with the last note value missing.

Explanation:  $0.5 + 1 + 2 = 3.5$  beats, so the missing last note value is a minim.

Hint: Add the two visible note values, then subtract their total from the completed answer.

### Question 39 of 59

ID: n4-literacy-hard-036 | Concept: three-rhythm-completion | Type: notation | Stages 11-15

**Which note value completes this calculation?**

- A. Crotchet (correct)
- B. Quaver
- C. Minim
- D. Dotted minim

Visual or notation: A three-rhythm calculation totalling 4.25 beats with the first note value missing.

Explanation:  $1 + 0.25 + 3 = 4.25$  beats, so the missing first note value is a crotchet.

Hint: Add the two visible note values, then subtract their total from the completed answer.

### Question 40 of 59

ID: n4-literacy-hard-037 | Concept: three-rhythm-completion | Type: notation | Stages 11-15

**Which note value completes this calculation?**

- A. Quaver (correct)
- B. Semiquaver
- C. Crotchet
- D. Minim

Visual or notation: A three-rhythm calculation totalling 6.5 beats with the middle note value missing.

Explanation:  $4 + 0.5 + 2 = 6.5$  beats, so the missing middle note value is a quaver.

Hint: Add the two visible note values, then subtract their total from the completed answer.

### Question 41 of 59

ID: n4-literacy-hard-038 | Concept: three-rhythm-completion | Type: notation | Stages 11-15

**Which note value completes this calculation?**

- A. Semibreve (correct)
- B. Crotchet
- C. Minim
- D. Dotted minim

Visual or notation: A three-rhythm calculation totalling 7.25 beats with the last note value missing.

Explanation:  $0.25 + 3 + 4 = 7.25$  beats, so the missing last note value is a semibreve.

Hint: Add the two visible note values, then subtract their total from the completed answer.

### Question 42 of 59

ID: n4-literacy-hard-039 | Concept: three-rhythm-completion | Type: notation | Stages 11-15

**Which note value completes this calculation?**

- A. Minim (correct)
- B. Crotchet
- C. Dotted minim
- D. Semibreve

Visual or notation: A three-rhythm calculation totalling 5.5 beats with the first note value missing.

Explanation:  $2 + 0.5 + 3 = 5.5$  beats, so the missing first note value is a minim.

Hint: Add the two visible note values, then subtract their total from the completed answer.

### Question 43 of 59

ID: n4-literacy-hard-040 | Concept: three-rhythm-completion | Type: notation | Stages 11-15

**Which note value completes this calculation?**

- A. Semibreve (correct)
- B. Crotchet
- C. Minim
- D. Dotted minim

Visual or notation: A three-rhythm calculation totalling 5.25 beats with the middle note value missing.

Explanation:  $1 + 4 + 0.25 = 5.25$  beats, so the missing middle note value is a semibreve.

Hint: Add the two visible note values, then subtract their total from the completed answer.

### Question 44 of 59

ID: n4-literacy-hard-041 | Concept: three-rhythm-completion | Type: notation | Stages 11-15

**Which note value completes this calculation?**

- A. Quaver (correct)
- B. Semiquaver
- C. Crotchet
- D. Minim

Visual or notation: A three-rhythm calculation totalling 3.5 beats with the last note value missing.

Explanation:  $2 + 1 + 0.5 = 3.5$  beats, so the missing last note value is a quaver.

Hint: Add the two visible note values, then subtract their total from the completed answer.

### Question 45 of 59

ID: n4-literacy-hard-042 | Concept: three-rhythm-completion | Type: notation | Stages 11-15

**Which note value completes this calculation?**

- A. Semiquaver (correct)
- B. Quaver
- C. Crotchet
- D. Minim

Visual or notation: A three-rhythm calculation totalling 6.25 beats with the first note value missing.

Explanation:  $0.25 + 4 + 2 = 6.25$  beats, so the missing first note value is a semiquaver.

Hint: Add the two visible note values, then subtract their total from the completed answer.

### Question 46 of 59

ID: n4-literacy-hard-043 | Concept: three-rhythm-completion | Type: notation | Stages 11-15

**Which note value completes this calculation?**

**A. Crotchet (correct)**

B. Quaver

C. Minim

D. Dotted minim

Visual or notation: A three-rhythm calculation totalling 4.5 beats with the middle note value missing.

Explanation:  $3 + 1 + 0.5 = 4.5$  beats, so the missing middle note value is a crotchet.

Hint: Add the two visible note values, then subtract their total from the completed answer.

### Question 47 of 59

ID: n4-literacy-hard-044 | Concept: three-rhythm-completion | Type: notation | Stages 11-15

**Which note value completes this calculation?**

**A. Semiquaver (correct)**

B. Quaver

C. Crotchet

D. Minim

Visual or notation: A three-rhythm calculation totalling 7.25 beats with the last note value missing.

Explanation:  $4 + 3 + 0.25 = 7.25$  beats, so the missing last note value is a semiquaver.

Hint: Add the two visible note values, then subtract their total from the completed answer.

### Question 48 of 59

ID: n4-literacy-hard-048 | Concept: note-value-comparison | Type: notation | Stages 11-15

**How many semiquavers fit into a quaver?**

**A. 2 (correct)**

B. 4

C. 1

D. 8

Visual or notation: A semiquaver compared with a quaver.

Explanation: Two semiquavers have the same total value as one quaver.

Hint: Compare the beat value of the larger note with the smaller note value.

### Question 49 of 59

ID: n4-literacy-hard-049 | Concept: note-value-comparison | Type: notation | Stages 11-15

**How many semiquavers fit into a crotchet?**

**A. 4 (correct)**

B. 2

C. 8

D. 3

Visual or notation: A semiquaver compared with a crotchet.

Explanation: Four semiquavers have the same total value as one crotchet.

Hint: Compare the beat value of the larger note with the smaller note value.

### Question 50 of 59

ID: n4-literacy-hard-050 | Concept: note-value-comparison | Type: notation | Stages 11-15

**How many semiquavers fit into a minim?**

**A. 8 (correct)**

B. 4

C. 12

D. 6

Visual or notation: A semiquaver compared with a minim.

Explanation: A minim lasts two beats, so eight semiquavers fit into it.

Hint: Compare the beat value of the larger note with the smaller note value.

### Question 51 of 59

ID: n4-literacy-hard-051 | Concept: note-value-comparison | Type: notation | Stages 11-15

**How many semiquavers fit into a dotted minim?**

- A. 12 (correct)
- B. 8
- C. 16
- D. 6

Visual or notation: A semiquaver compared with a dotted minim.

Explanation: A dotted minim lasts three beats, so twelve semiquavers fit into it.

Hint: Compare the beat value of the larger note with the smaller note value.

### Question 52 of 59

ID: n4-literacy-hard-052 | Concept: note-value-comparison | Type: notation | Stages 11-15

**How many semiquavers fit into a semibreve?**

- A. 16 (correct)
- B. 12
- C. 8
- D. 4

Visual or notation: A semiquaver compared with a semibreve.

Explanation: A semibreve lasts four beats, so sixteen semiquavers fit into it.

Hint: Compare the beat value of the larger note with the smaller note value.

### Question 53 of 59

ID: n4-literacy-hard-053 | Concept: note-value-comparison | Type: notation | Stages 11-15

**How many quavers fit into a crotchet?**

- A. 2 (correct)
- B. 4
- C. 1
- D. 3

Visual or notation: A quaver compared with a crotchet.

Explanation: Two quavers have the same total value as one crotchet.

Hint: Compare the beat value of the larger note with the smaller note value.

### Question 54 of 59

ID: n4-literacy-hard-054 | Concept: note-value-comparison | Type: notation | Stages 11-15

**How many quavers fit into a minim?**

- A. 4 (correct)
- B. 2
- C. 8
- D. 6

Visual or notation: A quaver compared with a minim.

Explanation: A minim lasts two beats, so four quavers fit into it.

Hint: Compare the beat value of the larger note with the smaller note value.

### Question 55 of 59

ID: n4-literacy-hard-055 | Concept: note-value-comparison | Type: notation | Stages 11-15

**How many quavers fit into a dotted minim?**

- A. 6 (correct)
- B. 4
- C. 8
- D. 3

Visual or notation: A quaver compared with a dotted minim.

Explanation: A dotted minim lasts three beats, so six quavers fit into it.

Hint: Compare the beat value of the larger note with the smaller note value.

### Question 56 of 59

ID: n4-literacy-hard-056 | Concept: note-value-comparison | Type: notation | Stages 11-15

**How many quavers fit into a semibreve?**

- A. 8 (correct)
- B. 4
- C. 6
- D. 16

Visual or notation: A quaver compared with a semibreve.

Explanation: A semibreve lasts four beats, so eight quavers fit into it.

Hint: Compare the beat value of the larger note with the smaller note value.

### Question 57 of 59

ID: n4-literacy-hard-057 | Concept: note-value-comparison | Type: notation | Stages 11-15

**How many pairs of quavers fit into a minim?**

- A. 2 (correct)
- B. 4
- C. 1
- D. 3

Visual or notation: A pair of quavers compared with a minim.

Explanation: Each pair of quavers equals one beat, so two pairs fit into a minim.

Hint: Compare the beat value of the larger note with the smaller note value.

### Question 58 of 59

ID: n4-literacy-hard-058 | Concept: note-value-comparison | Type: notation | Stages 11-15

**How many pairs of quavers fit into a dotted minim?**

- A. 3 (correct)
- B. 2
- C. 6
- D. 4

Visual or notation: A pair of quavers compared with a dotted minim.

Explanation: Each pair of quavers equals one beat, so three pairs fit into a dotted minim.

Hint: Compare the beat value of the larger note with the smaller note value.

### Question 59 of 59

ID: n4-literacy-hard-059 | Concept: note-value-comparison | Type: notation | Stages 11-15

**How many groups of four semiquavers fit into a minim?**

- A. 2 (correct)
- B. 4
- C. 1
- D. 8

Visual or notation: Four grouped semiquavers compared with a minim.

Explanation: Each group of four semiquavers equals one beat, so two groups fit into a minim.

Hint: Compare the beat value of the larger note with the smaller note value.

## Easy - 41 questions

### Question 1 of 41

ID: n5-literacy-easy-001 | Concept: natural-note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. E (correct)
- B. G
- C. B
- D. D

Visual or notation: The note E within the treble stave.

Explanation: This note is E.

Hint: Use the line and space names of the treble stave.

### Question 2 of 41

ID: n5-literacy-easy-002 | Concept: natural-note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. F (correct)
- B. A
- C. C
- D. E

Visual or notation: The note F within the treble stave.

Explanation: This note is F.

Hint: Use the line and space names of the treble stave.

### Question 3 of 41

ID: n5-literacy-easy-003 | Concept: natural-note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. G (correct)
- B. B
- C. D
- D. F

Visual or notation: The note G within the treble stave.

Explanation: This note is G.

Hint: Use the line and space names of the treble stave.

### Question 4 of 41

ID: n5-literacy-easy-004 | Concept: natural-note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. A (correct)
- B. C
- C. E
- D. G

Visual or notation: The note A within the treble stave.

Explanation: This note is A.

Hint: Use the line and space names of the treble stave.

### Question 5 of 41

ID: n5-literacy-easy-005 | Concept: natural-note-identification | Type: notation | Stages 1-5

**What note is this?**

**A. B (correct)**

B. G

C. D

D. F

Visual or notation: The note B within the treble stave.

Explanation: This note is B.

Hint: Use the line and space names of the treble stave.

### Question 6 of 41

ID: n5-literacy-easy-006 | Concept: natural-note-identification | Type: notation | Stages 1-5

**What note is this?**

**A. C (correct)**

B. A

C. E

D. B

Visual or notation: The note C within the treble stave.

Explanation: This note is C.

Hint: Use the line and space names of the treble stave.

### Question 7 of 41

ID: n5-literacy-easy-007 | Concept: natural-note-identification | Type: notation | Stages 1-5

**What note is this?**

**A. D (correct)**

B. B

C. F

D. A

Visual or notation: The note D within the treble stave.

Explanation: This note is D.

Hint: Use the line and space names of the treble stave.

### Question 8 of 41

ID: n5-literacy-easy-008 | Concept: natural-note-identification | Type: notation | Stages 1-5

**What note is this?**

**A. E (correct)**

B. C

C. F

D. D

Visual or notation: The note E within the treble stave.

Explanation: This note is E.

Hint: Use the line and space names of the treble stave.

### Question 9 of 41

ID: n5-literacy-easy-009 | Concept: natural-note-identification | Type: notation | Stages 1-5

**What note is this?**

**A. F (correct)**

B. D

C. E

D. G

Visual or notation: The note F within the treble stave.

Explanation: This note is F.

Hint: Use the line and space names of the treble stave.

### Question 10 of 41

ID: n5-literacy-easy-010 | Concept: accidental-note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. C sharp (correct)
- B. D sharp
- C. D flat
- D. E flat

Visual or notation: The note C sharp on the treble stave.

Explanation: The note is C sharp.

Hint: Identify the note position first, then read the accidental immediately before it.

### Question 11 of 41

ID: n5-literacy-easy-011 | Concept: accidental-note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. D sharp (correct)
- B. D flat
- C. E flat
- D. F sharp

Visual or notation: The note D sharp on the treble stave.

Explanation: The note is D sharp.

Hint: Identify the note position first, then read the accidental immediately before it.

### Question 12 of 41

ID: n5-literacy-easy-012 | Concept: accidental-note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. D flat (correct)
- B. E flat
- C. F sharp
- D. G sharp

Visual or notation: The note D flat on the treble stave.

Explanation: The note is D flat.

Hint: Identify the note position first, then read the accidental immediately before it.

### Question 13 of 41

ID: n5-literacy-easy-013 | Concept: accidental-note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. E flat (correct)
- B. F sharp
- C. G sharp
- D. G flat

Visual or notation: The note E flat on the treble stave.

Explanation: The note is E flat.

Hint: Identify the note position first, then read the accidental immediately before it.

### Question 14 of 41

ID: n5-literacy-easy-014 | Concept: accidental-note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. F sharp (correct)
- B. G sharp
- C. G flat
- D. A sharp

Visual or notation: The note F sharp on the treble stave.

Explanation: The note is F sharp.

Hint: Identify the note position first, then read the accidental immediately before it.

### Question 15 of 41

ID: n5-literacy-easy-015 | Concept: accidental-note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. G sharp (correct)
- B. G flat
- C. A sharp
- D. A flat

Visual or notation: The note G sharp on the treble stave.

Explanation: The note is G sharp.

Hint: Identify the note position first, then read the accidental immediately before it.

### Question 16 of 41

ID: n5-literacy-easy-016 | Concept: accidental-note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. G flat (correct)
- B. A sharp
- C. A flat
- D. B flat

Visual or notation: The note G flat on the treble stave.

Explanation: The note is G flat.

Hint: Identify the note position first, then read the accidental immediately before it.

### Question 17 of 41

ID: n5-literacy-easy-017 | Concept: accidental-note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. A sharp (correct)
- B. A flat
- C. B flat
- D. C sharp

Visual or notation: The note A sharp on the treble stave.

Explanation: The note is A sharp.

Hint: Identify the note position first, then read the accidental immediately before it.

### Question 18 of 41

ID: n5-literacy-easy-018 | Concept: accidental-note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. A flat (correct)
- B. B flat
- C. C sharp
- D. D sharp

Visual or notation: The note A flat on the treble stave.

Explanation: The note is A flat.

Hint: Identify the note position first, then read the accidental immediately before it.

### Question 19 of 41

ID: n5-literacy-easy-019 | Concept: accidental-note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. B flat (correct)
- B. C sharp
- C. D sharp
- D. D flat

Visual or notation: The note B flat on the treble stave.

Explanation: The note is B flat.

Hint: Identify the note position first, then read the accidental immediately before it.

### Question 20 of 41

ID: n5-literacy-easy-020 | Concept: accidental-note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. C sharp (correct)**
- B. D sharp
- C. D flat
- D. E flat

Visual or notation: The note C sharp on the treble stave.

Explanation: The note is C sharp.

Hint: Identify the note position first, then read the accidental immediately before it.

### Question 21 of 41

ID: n5-literacy-easy-021 | Concept: accidental-note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. D sharp (correct)**
- B. D flat
- C. E flat
- D. F sharp

Visual or notation: The note D sharp on the treble stave.

Explanation: The note is D sharp.

Hint: Identify the note position first, then read the accidental immediately before it.

### Question 22 of 41

ID: n5-literacy-easy-022 | Concept: accidental-note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. D flat (correct)**
- B. E flat
- C. F sharp
- D. G sharp

Visual or notation: The note D flat on the treble stave.

Explanation: The note is D flat.

Hint: Identify the note position first, then read the accidental immediately before it.

### Question 23 of 41

ID: n5-literacy-easy-023 | Concept: accidental-note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. E flat (correct)**
- B. F sharp
- C. G sharp
- D. G flat

Visual or notation: The note E flat on the treble stave.

Explanation: The note is E flat.

Hint: Identify the note position first, then read the accidental immediately before it.

### Question 24 of 41

ID: n5-literacy-easy-024 | Concept: accidental-note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. F sharp (correct)**
- B. G sharp
- C. G flat
- D. A sharp

Visual or notation: The note F sharp on the treble stave.

Explanation: The note is F sharp.

Hint: Identify the note position first, then read the accidental immediately before it.

### Question 25 of 41

ID: n5-literacy-easy-025 | Concept: accidental-note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. G sharp (correct)
- B. G flat
- C. A sharp
- D. A flat

Visual or notation: The note G sharp on the treble stave.

Explanation: The note is G sharp.

Hint: Identify the note position first, then read the accidental immediately before it.

### Question 26 of 41

ID: n5-literacy-easy-026 | Concept: accidental-note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. G flat (correct)
- B. A sharp
- C. A flat
- D. B flat

Visual or notation: The note G flat on the treble stave.

Explanation: The note is G flat.

Hint: Identify the note position first, then read the accidental immediately before it.

### Question 27 of 41

ID: n5-literacy-easy-027 | Concept: accidental-note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. A sharp (correct)
- B. A flat
- C. B flat
- D. C sharp

Visual or notation: The note A sharp on the treble stave.

Explanation: The note is A sharp.

Hint: Identify the note position first, then read the accidental immediately before it.

### Question 28 of 41

ID: n5-literacy-easy-028 | Concept: accidental-note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. A flat (correct)
- B. B flat
- C. C sharp
- D. D sharp

Visual or notation: The note A flat on the treble stave.

Explanation: The note is A flat.

Hint: Identify the note position first, then read the accidental immediately before it.

### Question 29 of 41

ID: n5-literacy-easy-029 | Concept: natural-sign-name | Type: notation | Stages 1-5

**What is this symbol called?**

- A. Natural (correct)
- B. Sharp
- C. Flat
- D. Key signature

Visual or notation: A natural sign.

Explanation: This is a natural sign. It cancels a sharp or flat.

Hint: It returns a note to its unaltered pitch.

### Question 30 of 41

ID: n5-literacy-easy-030 | Concept: key-signature-identification | Type: notation | Stages 1-5

**What is this major key signature?**

- A. C major (correct)**
- B. G major
- C. F major
- D. D major

Visual or notation: The key signature of C major.

Explanation: C major has no sharps or flats in its key signature.

Hint: Count the sharps or flats and check their positions on the stave.

### Question 31 of 41

ID: n5-literacy-easy-031 | Concept: key-signature-identification | Type: notation | Stages 1-5

**What is this major key signature?**

- A. G major (correct)**
- B. F major
- C. C major
- D. D major

Visual or notation: The key signature of G major.

Explanation: G major has one sharp in its key signature.

Hint: Count the sharps or flats and check their positions on the stave.

### Question 32 of 41

ID: n5-literacy-easy-032 | Concept: key-signature-identification | Type: notation | Stages 1-5

**What is this major key signature?**

- A. F major (correct)**
- B. G major
- C. C major
- D. D major

Visual or notation: The key signature of F major.

Explanation: F major has one flat in its key signature.

Hint: Count the sharps or flats and check their positions on the stave.

### Question 33 of 41

ID: n5-literacy-easy-033 | Concept: key-signature-identification | Type: notation | Stages 1-5

**What is this minor key signature?**

- A. A minor (correct)**
- B. G sharp minor
- C. C minor
- D. F minor

Visual or notation: The key signature of A minor.

Explanation: A minor has no sharps or flats in its key signature.

Hint: Count the sharps or flats and check their positions on the stave.

### Question 34 of 41

ID: n5-literacy-easy-034 | Concept: national-5-rhythm-name | Type: notation | Stages 1-5

**What is the name given to this rhythm?**

- A. Dotted crotchet (correct)**
- B. Scotch snap
- C. Paired quavers
- D. Four semiquavers

Visual or notation: A dotted crotchet lasts one and a half beats.

Explanation: A dotted crotchet lasts one and a half beats.

Hint: Look carefully at the dot and the order of the short note values.

### Question 35 of 41

ID: n5-literacy-easy-035 | Concept: national-5-rhythm-name | Type: notation | Stages 1-5

**What is the name given to this rhythm?**

- A. Dotted quaver (correct)**
- B. Scotch snap
- C. Paired quavers
- D. Four semiquavers

Visual or notation: A dotted quaver lasts three quarters of a beat.

Explanation: A dotted quaver lasts three quarters of a beat.

Hint: Look carefully at the dot and the order of the short note values.

### Question 36 of 41

ID: n5-literacy-easy-036 | Concept: national-5-rhythm-name | Type: notation | Stages 1-5

**What is the name given to this rhythm?**

- A. Scotch snap (correct)**
- B. Dotted quaver and semiquaver
- C. Paired quavers
- D. Four semiquavers

Visual or notation: A Scotch snap is a semiquaver followed by a dotted quaver.

Explanation: A Scotch snap is a semiquaver followed by a dotted quaver.

Hint: Look carefully at the dot and the order of the short note values.

### Question 37 of 41

ID: n5-literacy-easy-037 | Concept: national-5-rhythm-name | Type: notation | Stages 1-5

**What is the name given to this rhythm?**

- A. Dotted quaver and semiquaver (correct)**
- B. Scotch snap
- C. Paired quavers
- D. Four semiquavers

Visual or notation: This group is a dotted quaver followed by a semiquaver.

Explanation: This group is a dotted quaver followed by a semiquaver.

Hint: Look carefully at the dot and the order of the short note values.

### Question 38 of 41

ID: n5-literacy-easy-038 | Concept: accidental-function | Type: notation | Stages 1-5

**What does a sharp sign do?**

- A. Raises a note by one semitone (correct)**
- B. Lowers a note by one semitone
- C. Cancels a sharp or flat
- D. Raises a note by one tone

Visual or notation: A sharp sign.

Explanation: A sharp sign raises a note by one semitone.

Hint: Think about how the symbol changes the pitch of a note.

### Question 39 of 41

ID: n5-literacy-easy-039 | Concept: accidental-function | Type: notation | Stages 1-5

**What does a flat sign do?**

- A. Lowers a note by one semitone (correct)**
- B. Raises a note by one semitone
- C. Cancels a sharp or flat
- D. Lowers a note by one tone

Visual or notation: A flat sign.

Explanation: A flat sign lowers a note by one semitone.

Hint: Think about how the symbol changes the pitch of a note.

### Question 40 of 41

ID: n5-literacy-easy-040 | Concept: accidental-function | Type: notation | Stages 1-5

**What does a natural sign do?**

- A. Cancels a sharp or flat (correct)
- B. Raises a note by one semitone
- C. Lowers a note by one semitone
- D. Raises a note by one tone

Visual or notation: A natural sign.

Explanation: A natural sign cancels a sharp or flat.

Hint: Think about how the symbol changes the pitch of a note.

### Question 41 of 41

ID: n5-literacy-easy-041 | Concept: augmentation-dot-function | Type: notation | Stages 1-5

**What does the dot after a note do?**

- A. Adds half the note's original value (correct)
- B. Adds one beat
- C. Doubles the note's value
- D. Makes the note staccato

Visual or notation: A dotted crotchet showing an augmentation dot after the note.

Explanation: An augmentation dot adds half of the note's original value.

Hint: Work out half of the original note value, then add it on.

## Medium - 37 questions

### Question 1 of 37

ID: n5-literacy-medium-001 | Concept: national-5-dynamics | Type: notation | Stages 6-10

**What is this dynamic called?**

- A. Pianissimo (correct)
- B. Fortissimo
- C. Piano
- D. Mezzo piano

Visual or notation: The dynamic pp.

Explanation: Pianissimo means very quiet.

Hint: Repeated letters strengthen the dynamic.

### Question 2 of 37

ID: n5-literacy-medium-002 | Concept: national-5-dynamics | Type: notation | Stages 6-10

**What is this dynamic called?**

- A. Fortissimo (correct)
- B. Pianissimo
- C. Forte
- D. Mezzo forte

Visual or notation: The dynamic ff.

Explanation: Fortissimo means very loud.

Hint: Repeated letters strengthen the dynamic.

### Question 3 of 37

ID: n5-literacy-medium-003 | Concept: national-5-dynamics | Type: notation | Stages 6-10

**What does this dynamic mean?**

- A. Very quiet (correct)
- B. Quiet
- C. Very loud
- D. Moderately quiet

Visual or notation: The dynamic pp.

Explanation: Pianissimo means very quiet.

Hint: Repeated letters strengthen the dynamic.

### Question 4 of 37

ID: n5-literacy-medium-004 | Concept: national-5-dynamics | Type: notation | Stages 6-10

**What does this dynamic mean?**

- A. Very loud (correct)
- B. Loud
- C. Very quiet
- D. Moderately loud

Visual or notation: The dynamic *ff*.

Explanation: Fortissimo means very loud.

Hint: Repeated letters strengthen the dynamic.

### Question 5 of 37

ID: n5-literacy-medium-005 | Concept: dynamic-comparison | Type: text | Stages 6-10

**Which dynamic is the quietest?**

- A. *pp* (correct)
- B. *p*
- C. *f*
- D. *ff*

Explanation: Pianissimo is the quietest of these dynamics.

Hint: Order the dynamics from quietest to loudest.

### Question 6 of 37

ID: n5-literacy-medium-006 | Concept: dynamic-comparison | Type: text | Stages 6-10

**Which dynamic is the loudest?**

- A. *ff* (correct)
- B. *f*
- C. *p*
- D. *pp*

Explanation: Fortissimo is the loudest of these dynamics.

Hint: Order the dynamics from quietest to loudest.

### Question 7 of 37

ID: n5-literacy-medium-007 | Concept: dynamic-comparison | Type: text | Stages 6-10

**Which dynamic is the quietest?**

- A. *pp* (correct)
- B. *mp*
- C. *mf*
- D. *ff*

Explanation: Pianissimo is the quietest of these dynamics.

Hint: Order the dynamics from quietest to loudest.

### Question 8 of 37

ID: n5-literacy-medium-008 | Concept: dynamic-comparison | Type: text | Stages 6-10

**Which dynamic is the loudest?**

- A. *ff* (correct)
- B. *mf*
- C. *mp*
- D. *pp*

Explanation: Fortissimo is the loudest of these dynamics.

Hint: Order the dynamics from quietest to loudest.

### Question 9 of 37

ID: n5-literacy-medium-009 | Concept: repeat-ending-name | Type: notation | Stages 6-10

**What is the name given to this symbol?**

- A. 1st-time bar (correct)
- B. 2nd-time bar
- C. Repeat sign
- D. Double barline

Visual or notation: A 1st-time bar symbol.

Explanation: This is a 1st-time bar.

Hint: The number shows which ending is played on that pass through the repeated section.

### Question 10 of 37

ID: n5-literacy-medium-010 | Concept: repeat-ending-name | Type: notation | Stages 6-10

**What is the name given to this symbol?**

- A. 2nd-time bar (correct)
- B. 1st-time bar
- C. Repeat sign
- D. Double barline

Visual or notation: A 2nd-time bar symbol.

Explanation: This is a 2nd-time bar.

Hint: The number shows which ending is played on that pass through the repeated section.

### Question 11 of 37

ID: n5-literacy-medium-011 | Concept: repeat-ending-name | Type: notation | Stages 6-10

**What is the name given to this symbol?**

- A. 1st-time bar (correct)
- B. Double barline
- C. 2nd-time bar
- D. Barline

Visual or notation: A 1st-time bar symbol.

Explanation: This is a 1st-time bar.

Hint: The number shows which ending is played on that pass through the repeated section.

### Question 12 of 37

ID: n5-literacy-medium-012 | Concept: repeat-ending-name | Type: notation | Stages 6-10

**What is the name given to this symbol?**

- A. 2nd-time bar (correct)
- B. Double barline
- C. 1st-time bar
- D. Barline

Visual or notation: A 2nd-time bar symbol.

Explanation: This is a 2nd-time bar.

Hint: The number shows which ending is played on that pass through the repeated section.

### Question 13 of 37

ID: n5-literacy-medium-013 | Concept: interval-identification | Type: notation | Stages 6-10

**What interval is this?**

- A. 2nd (correct)
- B. 3rd
- C. Octave
- D. Unison

Visual or notation: Two notes forming a second.

Explanation: The interval is a 2nd.

Hint: Count both the starting note and the finishing note.

### Question 14 of 37

ID: n5-literacy-medium-014 | Concept: interval-identification | Type: notation | Stages 6-10

**What interval is this?**

- A. 2nd (correct)
- B. 3rd
- C. Octave
- D. Unison

Visual or notation: Two notes forming a second.

Explanation: The interval is a 2nd.

Hint: Count both the starting note and the finishing note.

### Question 15 of 37

ID: n5-literacy-medium-015 | Concept: interval-identification | Type: notation | Stages 6-10

**What interval is this?**

- A. 2nd (correct)
- B. 3rd
- C. Octave
- D. Unison

Visual or notation: Two notes forming a second.

Explanation: The interval is a 2nd.

Hint: Count both the starting note and the finishing note.

### Question 16 of 37

ID: n5-literacy-medium-016 | Concept: interval-identification | Type: notation | Stages 6-10

**What interval is this?**

- A. 2nd (correct)
- B. 3rd
- C. Octave
- D. Unison

Visual or notation: Two notes forming a second.

Explanation: The interval is a 2nd.

Hint: Count both the starting note and the finishing note.

### Question 17 of 37

ID: n5-literacy-medium-017 | Concept: interval-identification | Type: notation | Stages 6-10

**What interval is this?**

- A. Octave (correct)
- B. 7th
- C. 6th
- D. 2nd

Visual or notation: Two notes forming an octave.

Explanation: The interval is an octave.

Hint: Count both the starting note and the finishing note.

### Question 18 of 37

ID: n5-literacy-medium-018 | Concept: interval-identification | Type: notation | Stages 6-10

**What interval is this?**

- A. Octave (correct)
- B. 7th
- C. 6th
- D. 2nd

Visual or notation: Two notes forming an octave.

Explanation: The interval is an octave.

Hint: Count both the starting note and the finishing note.

### Question 19 of 37

ID: n5-literacy-medium-019 | Concept: interval-identification | Type: notation | Stages 6-10

**What interval is this?**

- A. Octave (correct)
- B. 7th
- C. 6th
- D. 2nd

Visual or notation: Two notes forming an octave.

Explanation: The interval is an octave.

Hint: Count both the starting note and the finishing note.

### Question 20 of 37

ID: n5-literacy-medium-020 | Concept: interval-identification | Type: notation | Stages 6-10

**What interval is this?**

**A. Octave (correct)**

- B. 7th
- C. 6th
- D. 2nd

Visual or notation: Two notes forming an octave.

Explanation: The interval is an octave.

Hint: Count both the starting note and the finishing note.

### Question 21 of 37

ID: n5-literacy-medium-021 | Concept: national-5-rhythm-beats | Type: notation | Stages 6-10

**What is the total value of this rhythm?**

**A. 1.5 beats (correct)**

- B. 1 beat
- C. 0.75 beat
- D. 2 beats

Visual or notation: Dotted crotchet

Explanation: Dotted crotchet has a total value of 1.5 beats.

Hint: Add the value of the dot or the grouped notes.

### Question 22 of 37

ID: n5-literacy-medium-025 | Concept: national-5-rhythm-name | Type: notation | Stages 6-10

**What is this rhythm called?**

**A. Dotted crotchet (correct)**

- B. Scotch snap
- C. Dotted quaver and semiquaver
- D. Paired quavers

Visual or notation: Dotted crotchet

Explanation: This is dotted crotchet.

Hint: Look at the order of the note values and any augmentation dot.

### Question 23 of 37

ID: n5-literacy-medium-022 | Concept: national-5-rhythm-beats | Type: notation | Stages 6-10

**What is the total value of this rhythm?**

**A. 0.75 beat (correct)**

- B. 0.5 beat
- C. 1 beat
- D. 1.5 beats

Visual or notation: Dotted quaver

Explanation: Dotted quaver has a total value of 0.75 beat.

Hint: Add the value of the dot or the grouped notes.

### Question 24 of 37

ID: n5-literacy-medium-026 | Concept: national-5-rhythm-name | Type: notation | Stages 6-10

**What is this rhythm called?**

**A. Dotted quaver (correct)**

- B. Scotch snap
- C. Dotted quaver and semiquaver
- D. Paired quavers

Visual or notation: Dotted quaver

Explanation: This is dotted quaver.

Hint: Look at the order of the note values and any augmentation dot.

### Question 25 of 37

ID: n5-literacy-medium-023 | Concept: national-5-rhythm-beats | Type: notation | Stages 6-10

**What is the total value of this rhythm?**

- A. 1 beat (correct)
- B. 0.75 beat
- C. 1.25 beats
- D. 1.5 beats

Visual or notation: Dotted quaver and semiquaver

Explanation: Dotted quaver and semiquaver has a total value of 1 beat.

Hint: Add the value of the dot or the grouped notes.

### Question 26 of 37

ID: n5-literacy-medium-027 | Concept: national-5-rhythm-name | Type: notation | Stages 6-10

**Which statement best describes the rhythm you see?**

- A. Dotted quaver and semiquaver (correct)
- B. Scotch snap
- C. Paired quavers
- D. Four semiquavers

Visual or notation: Dotted quaver and semiquaver

Explanation: This is dotted quaver and semiquaver.

Hint: Look at the order of the note values and any augmentation dot.

### Question 27 of 37

ID: n5-literacy-medium-024 | Concept: national-5-rhythm-beats | Type: notation | Stages 6-10

**What is the total value of this rhythm?**

- A. 1 beat (correct)
- B. 0.75 beat
- C. 1.25 beats
- D. 1.5 beats

Visual or notation: Scotch snap

Explanation: Scotch snap has a total value of 1 beat.

Hint: Add the value of the dot or the grouped notes.

### Question 28 of 37

ID: n5-literacy-medium-028 | Concept: national-5-rhythm-name | Type: notation | Stages 6-10

**What is this rhythm called?**

- A. Scotch snap (correct)
- B. Dotted quaver and semiquaver
- C. Paired quavers
- D. Four semiquavers

Visual or notation: Scotch snap

Explanation: This is scotch snap.

Hint: Look at the order of the note values and any augmentation dot.

### Question 29 of 37

ID: n5-literacy-medium-029 | Concept: national-5-time-signature | Type: notation | Stages 6-10

**Which time signature fits this complete bar?**

- A. 2/4 (correct)
- B. 3/4
- C. 4/4
- D. 5/4

Visual or notation: A complete 2/4 bar using National 5 rhythms.

Explanation: The notes fill a complete 2/4 bar.

Hint: Add the beat values, including the dot.

### Question 30 of 37

ID: n5-literacy-medium-030 | Concept: national-5-time-signature | Type: notation | Stages 6-10

**Which time signature fits this complete bar?**

**A. 3/4 (correct)**

B. 2/4

C. 4/4

D. 5/4

Visual or notation: A complete 3/4 bar using National 5 rhythms.

Explanation: The notes fill a complete 3/4 bar.

Hint: Add the beat values, including the dot.

### Question 31 of 37

ID: n5-literacy-medium-031 | Concept: national-5-time-signature | Type: notation | Stages 6-10

**Which time signature fits this complete bar?**

**A. 4/4 (correct)**

B. 2/4

C. 3/4

D. 5/4

Visual or notation: A complete 4/4 bar using National 5 rhythms.

Explanation: The notes fill a complete 4/4 bar.

Hint: Add the beat values, including the dot.

### Question 32 of 37

ID: n5-literacy-medium-032 | Concept: national-5-time-signature | Type: notation | Stages 6-10

**Which time signature fits this complete bar?**

**A. 2/4 (correct)**

B. 3/4

C. 4/4

D. 5/4

Visual or notation: A complete 2/4 bar using National 5 rhythms.

Explanation: The notes fill a complete 2/4 bar.

Hint: Add the beat values, including the dot.

### Question 33 of 37

ID: n5-literacy-medium-033 | Concept: national-5-time-signature | Type: notation | Stages 6-10

**Which time signature fits this complete bar?**

**A. 3/4 (correct)**

B. 2/4

C. 4/4

D. 5/4

Visual or notation: A complete 3/4 bar using National 5 rhythms.

Explanation: The notes fill a complete 3/4 bar.

Hint: Add the beat values, including the dot.

### Question 34 of 37

ID: n5-literacy-medium-034 | Concept: national-5-time-signature | Type: notation | Stages 6-10

**Which time signature fits this complete bar?**

**A. 4/4 (correct)**

B. 2/4

C. 3/4

D. 5/4

Visual or notation: A complete 4/4 bar using National 5 rhythms.

Explanation: The notes fill a complete 4/4 bar.

Hint: Add the beat values, including the dot.

### Question 35 of 37

ID: n5-literacy-medium-035 | Concept: note-value-comparison | Type: notation | Stages 6-10

**How many crotchets fit into a semibreve?**

- A. 4 (correct)**
- B. 2
- C. 8
- D. 3

Visual or notation: A crotchet compared with a semibreve.

Explanation: A semibreve lasts four beats, so four crotchets fit into it.

Hint: Compare the beat value of the larger note with the smaller note value.

### Question 36 of 37

ID: n5-literacy-medium-039 | Concept: key-signature-accidental | Type: notation | Stages 6-10

**Which note is sharpened in G major?**

- A. F (correct)**
- B. C
- C. G
- D. B

Visual or notation: The key signature of G major.

Explanation: G major has one sharp: F sharp.

Hint: Read the accidental shown in the key signature and identify its line or space.

### Question 37 of 37

ID: n5-literacy-medium-040 | Concept: key-signature-accidental | Type: notation | Stages 6-10

**Which note is flattened in F major?**

- A. B (correct)**
- B. F
- C. E
- D. A

Visual or notation: The key signature of F major.

Explanation: F major has one flat: B flat.

Hint: Read the accidental shown in the key signature and identify its line or space.

## Hard - 37 questions

### Question 1 of 37

ID: n5-literacy-hard-001 | Concept: chord-identification | Type: notation | Stages 11-15

**Which chord is outlined?**

- A. C major (correct)**
- B. G major
- C. F major
- D. A minor

Visual or notation: The notes of the C major chord.

Explanation: The notes belong to the chord of C major.

Hint: Identify the three note names, then match them to the four National 5 chords.

### Question 2 of 37

ID: n5-literacy-hard-002 | Concept: chord-identification | Type: notation | Stages 11-15

**Which chord is outlined?**

- A. G major (correct)**
- B. C major
- C. F major
- D. A minor

Visual or notation: The notes of the G major chord.

Explanation: The notes belong to the chord of G major.

Hint: Identify the three note names, then match them to the four National 5 chords.

### Question 3 of 37

ID: n5-literacy-hard-003 | Concept: chord-identification | Type: notation | Stages 11-15

**Which chord is outlined?**

- A. F major (correct)**
- B. C major
- C. G major
- D. A minor

Visual or notation: The notes of the F major chord.

Explanation: The notes belong to the chord of F major.

Hint: Identify the three note names, then match them to the four National 5 chords.

### Question 4 of 37

ID: n5-literacy-hard-004 | Concept: chord-identification | Type: notation | Stages 11-15

**Which chord is outlined?**

- A. A minor (correct)**
- B. C major
- C. G major
- D. F major

Visual or notation: The notes of the A minor chord.

Explanation: The notes belong to the chord of A minor.

Hint: Identify the three note names, then match them to the four National 5 chords.

### Question 5 of 37

ID: n5-literacy-hard-009 | Concept: sforzando | Type: notation | Stages 11-15

**What is this dynamic called?**

- A. Sforzando (correct)**
- B. Fortissimo
- C. Pianissimo
- D. Forte

Visual or notation: The dynamic sfz.

Explanation: Sforzando (sfz) means a sudden strong accent.

Hint: The marking asks for a sudden emphasis, not a gradual change.

### Question 6 of 37

ID: n5-literacy-hard-010 | Concept: sforzando | Type: notation | Stages 11-15

**What does this dynamic mean?**

- A. A sudden strong accent (correct)**
- B. Very quiet
- C. Gradually louder
- D. Very loud throughout

Visual or notation: The dynamic sfz.

Explanation: Sforzando (sfz) means a sudden strong accent.

Hint: The marking asks for a sudden emphasis, not a gradual change.

### Question 7 of 37

ID: n5-literacy-hard-011 | Concept: sforzando | Type: notation | Stages 11-15

**Which description matches this dynamic?**

- A. Suddenly accented and strong (correct)**
- B. Gradually quieter
- C. Smooth and connected
- D. Very quiet

Visual or notation: The dynamic sfz.

Explanation: Sforzando (sfz) means a sudden strong accent.

Hint: The marking asks for a sudden emphasis, not a gradual change.

### Question 8 of 37

ID: n5-literacy-hard-012 | Concept: tone-or-semitone | Type: notation | Stages 11-15

**What is the distance between these two notes?**

**A. Semitone (correct)**

- B. Tone
- C. Octave
- D. Unison

Visual or notation: Two adjacent notes in the key signature of C major.

Explanation: In C major, these notes are a semitone apart.

Hint: Apply the key signature before judging the distance.

### Question 9 of 37

ID: n5-literacy-hard-013 | Concept: tone-or-semitone | Type: notation | Stages 11-15

**What is the distance between these two notes?**

**A. Tone (correct)**

- B. Semitone
- C. Octave
- D. Unison

Visual or notation: Two adjacent notes in the key signature of C major.

Explanation: In C major, these notes are a tone apart.

Hint: Apply the key signature before judging the distance.

### Question 10 of 37

ID: n5-literacy-hard-014 | Concept: tone-or-semitone | Type: notation | Stages 11-15

**What is the distance between these two notes?**

**A. Tone (correct)**

- B. Semitone
- C. Octave
- D. Unison

Visual or notation: Two adjacent notes in the key signature of G major.

Explanation: In G major, these notes are a tone apart.

Hint: Apply the key signature before judging the distance.

### Question 11 of 37

ID: n5-literacy-hard-015 | Concept: tone-or-semitone | Type: notation | Stages 11-15

**What is the distance between these two notes?**

**A. Semitone (correct)**

- B. Tone
- C. Octave
- D. Unison

Visual or notation: Two adjacent notes in the key signature of G major.

Explanation: In G major, these notes are a semitone apart.

Hint: Apply the key signature before judging the distance.

### Question 12 of 37

ID: n5-literacy-hard-016 | Concept: tone-or-semitone | Type: notation | Stages 11-15

**What is the distance between these two notes?**

**A. Semitone (correct)**

- B. Tone
- C. Octave
- D. Unison

Visual or notation: Two adjacent notes in the key signature of G major.

Explanation: In G major, these notes are a semitone apart.

Hint: Apply the key signature before judging the distance.

### Question 13 of 37

ID: n5-literacy-hard-017 | Concept: tone-or-semitone | Type: notation | Stages 11-15

**What is the distance between these two notes?**

**A. Semitone (correct)**

- B. Tone
- C. Octave
- D. Unison

Visual or notation: Two adjacent notes in the key signature of F major.

Explanation: In F major, these notes are a semitone apart.

Hint: Apply the key signature before judging the distance.

### Question 14 of 37

ID: n5-literacy-hard-018 | Concept: tone-or-semitone | Type: notation | Stages 11-15

**What is the distance between these two notes?**

**A. Tone (correct)**

- B. Semitone
- C. Octave
- D. Unison

Visual or notation: Two adjacent notes in the key signature of F major.

Explanation: In F major, these notes are a tone apart.

Hint: Apply the key signature before judging the distance.

### Question 15 of 37

ID: n5-literacy-hard-019 | Concept: tone-or-semitone | Type: notation | Stages 11-15

**What is the distance between these two notes?**

**A. Tone (correct)**

- B. Semitone
- C. Octave
- D. Unison

Visual or notation: Two adjacent notes in the key signature of F major.

Explanation: In F major, these notes are a tone apart.

Hint: Apply the key signature before judging the distance.

### Question 16 of 37

ID: n5-literacy-hard-020 | Concept: tone-or-semitone | Type: notation | Stages 11-15

**What is the distance between these two notes?**

**A. Semitone (correct)**

- B. Tone
- C. Octave
- D. Unison

Visual or notation: Two adjacent notes in the key signature of A minor.

Explanation: In A minor, these notes are a semitone apart.

Hint: Apply the key signature before judging the distance.

### Question 17 of 37

ID: n5-literacy-hard-021 | Concept: tone-or-semitone | Type: notation | Stages 11-15

**What is the distance between these two notes?**

**A. Tone (correct)**

- B. Semitone
- C. Octave
- D. Unison

Visual or notation: Two adjacent notes in the key signature of A minor.

Explanation: In A minor, these notes are a tone apart.

Hint: Apply the key signature before judging the distance.

### Question 18 of 37

ID: n5-literacy-hard-022 | Concept: tone-or-semitone | Type: notation | Stages 11-15

**What is the distance between these two notes?**

- A. Semitone (correct)
- B. Tone
- C. Octave
- D. Unison

Visual or notation: Two adjacent notes in the key signature of A minor.

Explanation: In A minor, these notes are a semitone apart.

Hint: Apply the key signature before judging the distance.

### Question 19 of 37

ID: n5-literacy-hard-023 | Concept: tone-or-semitone | Type: notation | Stages 11-15

**What is the distance between these two notes?**

- A. Tone (correct)
- B. Semitone
- C. Octave
- D. Unison

Visual or notation: Two adjacent notes in the key signature of A minor.

Explanation: In A minor, these notes are a tone apart.

Hint: Apply the key signature before judging the distance.

### Question 20 of 37

ID: n5-literacy-hard-024 | Concept: national-5-rhythm-sum | Type: notation | Stages 11-15

**What is the total number of beats?**

- A. 2.25 beats (correct)
- B. 1.75 beats
- C. 2.75 beats
- D. 3 beats

Visual or notation: A National 5 rhythm calculation.

Explanation: Working from left to right gives 2.25 beats.

Hint: Write each rhythm as a number of beats, then complete the calculation.

### Question 21 of 37

ID: n5-literacy-hard-025 | Concept: national-5-rhythm-sum | Type: notation | Stages 11-15

**What is the total number of beats?**

- A. 2.5 beats (correct)
- B. 1.75 beats
- C. 2.25 beats
- D. 2.75 beats

Visual or notation: A National 5 rhythm calculation.

Explanation: Working from left to right gives 2.5 beats.

Hint: Write each rhythm as a number of beats, then complete the calculation.

### Question 22 of 37

ID: n5-literacy-hard-026 | Concept: national-5-rhythm-sum | Type: notation | Stages 11-15

**What is the total number of beats?**

- A. 1.75 beats (correct)
- B. 2.25 beats
- C. 2.75 beats
- D. 3 beats

Visual or notation: A National 5 rhythm calculation.

Explanation: Working from left to right gives 1.75 beats.

Hint: Write each rhythm as a number of beats, then complete the calculation.

### Question 23 of 37

ID: n5-literacy-hard-027 | Concept: national-5-rhythm-sum | Type: notation | Stages 11-15

**What is the total number of beats?**

- A. 2.5 beats (correct)
- B. 1.75 beats
- C. 2.25 beats
- D. 2.75 beats

Visual or notation: A National 5 rhythm calculation.

Explanation: Working from left to right gives 2.5 beats.

Hint: Write each rhythm as a number of beats, then complete the calculation.

### Question 24 of 37

ID: n5-literacy-hard-028 | Concept: national-5-rhythm-sum | Type: notation | Stages 11-15

**What is the total number of beats?**

- A. 3 beats (correct)
- B. 1.75 beats
- C. 2.25 beats
- D. 2.75 beats

Visual or notation: A National 5 rhythm calculation.

Explanation: Working from left to right gives 3 beats.

Hint: Write each rhythm as a number of beats, then complete the calculation.

### Question 25 of 37

ID: n5-literacy-hard-029 | Concept: national-5-rhythm-sum | Type: notation | Stages 11-15

**What is the total number of beats?**

- A. 3.5 beats (correct)
- B. 1.75 beats
- C. 2.25 beats
- D. 2.75 beats

Visual or notation: A National 5 rhythm calculation.

Explanation: Working from left to right gives 3.5 beats.

Hint: Write each rhythm as a number of beats, then complete the calculation.

### Question 26 of 37

ID: n5-literacy-hard-030 | Concept: national-5-rhythm-sum | Type: notation | Stages 11-15

**What is the total number of beats?**

- A. 3.25 beats (correct)
- B. 1.75 beats
- C. 2.25 beats
- D. 2.75 beats

Visual or notation: A National 5 rhythm calculation.

Explanation: Working from left to right gives 3.25 beats.

Hint: Write each rhythm as a number of beats, then complete the calculation.

### Question 27 of 37

ID: n5-literacy-hard-031 | Concept: national-5-rhythm-sum | Type: notation | Stages 11-15

**What is the total number of beats?**

- A. 2.5 beats (correct)
- B. 1.75 beats
- C. 2.25 beats
- D. 2.75 beats

Visual or notation: A National 5 rhythm calculation.

Explanation: Working from left to right gives 2.5 beats.

Hint: Write each rhythm as a number of beats, then complete the calculation.

### Question 28 of 37

ID: n5-literacy-hard-032 | Concept: national-5-bar-completion | Type: notation | Stages 11-15

**Which note value completes this bar?**

- A. Quaver (correct)
- B. Crotchet
- C. Semiquaver
- D. Dotted crotchet

Visual or notation: A 2/4 bar using a National 5 dotted rhythm with one note missing.

Explanation: A quaver completes this 2/4 bar.

Hint: Add the shown values, then subtract from the number of beats required.

### Question 29 of 37

ID: n5-literacy-hard-033 | Concept: national-5-bar-completion | Type: notation | Stages 11-15

**Which note value completes this bar?**

- A. Quaver (correct)
- B. Crotchet
- C. Semiquaver
- D. Dotted crotchet

Visual or notation: A 3/4 bar using a National 5 dotted rhythm with one note missing.

Explanation: A quaver completes this 3/4 bar.

Hint: Add the shown values, then subtract from the number of beats required.

### Question 30 of 37

ID: n5-literacy-hard-034 | Concept: national-5-bar-completion | Type: notation | Stages 11-15

**Which note value completes this bar?**

- A. Quaver (correct)
- B. Crotchet
- C. Semiquaver
- D. Dotted crotchet

Visual or notation: A 4/4 bar using a National 5 dotted rhythm with one note missing.

Explanation: A quaver completes this 4/4 bar.

Hint: Add the shown values, then subtract from the number of beats required.

### Question 31 of 37

ID: n5-literacy-hard-035 | Concept: national-5-bar-completion | Type: notation | Stages 11-15

**Which note value completes this bar?**

- A. Crotchet (correct)
- B. Quaver
- C. Semiquaver
- D. Dotted crotchet

Visual or notation: A 2/4 bar using a National 5 dotted rhythm with one note missing.

Explanation: A crotchet completes this 2/4 bar.

Hint: Add the shown values, then subtract from the number of beats required.

### Question 32 of 37

ID: n5-literacy-hard-036 | Concept: national-5-bar-completion | Type: notation | Stages 11-15

**Which note value completes this bar?**

- A. Crotchet (correct)
- B. Quaver
- C. Semiquaver
- D. Dotted crotchet

Visual or notation: A 3/4 bar using a National 5 dotted rhythm with one note missing.

Explanation: A crotchet completes this 3/4 bar.

Hint: Add the shown values, then subtract from the number of beats required.

### Question 33 of 37

ID: n5-literacy-hard-037 | Concept: national-5-bar-completion | Type: notation | Stages 11-15

**Which note value completes this bar?**

- A. Crotchet (correct)
- B. Quaver
- C. Semiquaver
- D. Dotted crotchet

Visual or notation: A 4/4 bar using a National 5 dotted rhythm with one note missing.

Explanation: A crotchet completes this 4/4 bar.

Hint: Add the shown values, then subtract from the number of beats required.

### Question 34 of 37

ID: n5-literacy-hard-038 | Concept: note-value-comparison | Type: notation | Stages 11-15

**How many semiquavers fit into a dotted quaver?**

- A. 3 (correct)
- B. 2
- C. 4
- D. 6

Visual or notation: A semiquaver compared with a dotted quaver.

Explanation: A dotted quaver lasts three quarters of a beat, so three semiquavers fit into it.

Hint: Compare the beat value of the larger note with the smaller note value.

### Question 35 of 37

ID: n5-literacy-hard-039 | Concept: note-value-comparison | Type: notation | Stages 11-15

**How many semiquavers fit into a dotted crotchet?**

- A. 6 (correct)
- B. 3
- C. 4
- D. 8

Visual or notation: A semiquaver compared with a dotted crotchet.

Explanation: A dotted crotchet lasts one and a half beats, so six semiquavers fit into it.

Hint: Compare the beat value of the larger note with the smaller note value.

### Question 36 of 37

ID: n5-literacy-hard-040 | Concept: note-value-comparison | Type: notation | Stages 11-15

**How many quavers fit into a dotted crotchet?**

- A. 3 (correct)
- B. 2
- C. 4
- D. 6

Visual or notation: A quaver compared with a dotted crotchet.

Explanation: A dotted crotchet lasts one and a half beats, so three quavers fit into it.

Hint: Compare the beat value of the larger note with the smaller note value.

### Question 37 of 37

ID: n5-literacy-hard-041 | Concept: note-value-comparison | Type: notation | Stages 11-15

**How many dotted quavers fit into a dotted crotchet?**

- A. 2 (correct)
- B. 3
- C. 4
- D. 6

Visual or notation: A dotted quaver compared with a dotted crotchet.

Explanation: A dotted crotchet is worth twice as much as a dotted quaver, so two dotted quavers fit into it.

Hint: Compare the beat value of the larger note with the smaller note value.

### Question 1 of 25

ID: h-literacy-easy-001 | Concept: bass-clef-note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. E (correct)
- B. C
- C. D
- D. F

Visual or notation: The note E in the bass clef.

Explanation: This bass-clef note is E.

Hint: Use the bass-clef line and space names, then count any ledger lines carefully.

### Question 2 of 25

ID: h-literacy-easy-002 | Concept: bass-clef-note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. F (correct)
- B. D
- C. E
- D. G

Visual or notation: The note F in the bass clef.

Explanation: This bass-clef note is F.

Hint: Use the bass-clef line and space names, then count any ledger lines carefully.

### Question 3 of 25

ID: h-literacy-easy-003 | Concept: bass-clef-note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. G (correct)
- B. E
- C. F
- D. A

Visual or notation: The note G in the bass clef.

Explanation: This bass-clef note is G.

Hint: Use the bass-clef line and space names, then count any ledger lines carefully.

### Question 4 of 25

ID: h-literacy-easy-004 | Concept: bass-clef-note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. A (correct)
- B. F
- C. G
- D. B

Visual or notation: The note A in the bass clef.

Explanation: This bass-clef note is A.

Hint: Use the bass-clef line and space names, then count any ledger lines carefully.

### Question 5 of 25

ID: h-literacy-easy-005 | Concept: bass-clef-note-identification | Type: notation | Stages 1-5

**What note is this?**

**A. B (correct)**

B. C

C. D

D. E

Visual or notation: The note B in the bass clef.

Explanation: This bass-clef note is B.

Hint: Use the bass-clef line and space names, then count any ledger lines carefully.

### Question 6 of 25

ID: h-literacy-easy-006 | Concept: bass-clef-note-identification | Type: notation | Stages 1-5

**What note is this?**

**A. C (correct)**

B. E

C. F

D. G

Visual or notation: The note C in the bass clef.

Explanation: This bass-clef note is C.

Hint: Use the bass-clef line and space names, then count any ledger lines carefully.

### Question 7 of 25

ID: h-literacy-easy-007 | Concept: bass-clef-note-identification | Type: notation | Stages 1-5

**What note is this?**

**A. D (correct)**

B. F

C. G

D. A

Visual or notation: The note D in the bass clef.

Explanation: This bass-clef note is D.

Hint: Use the bass-clef line and space names, then count any ledger lines carefully.

### Question 8 of 25

ID: h-literacy-easy-008 | Concept: bass-clef-note-identification | Type: notation | Stages 1-5

**What note is this?**

**A. E (correct)**

B. G

C. A

D. B

Visual or notation: The note E in the bass clef.

Explanation: This bass-clef note is E.

Hint: Use the bass-clef line and space names, then count any ledger lines carefully.

### Question 9 of 25

ID: h-literacy-easy-009 | Concept: bass-clef-note-identification | Type: notation | Stages 1-5

**What note is this?**

**A. F (correct)**

B. C

C. D

D. E

Visual or notation: The note F in the bass clef.

Explanation: This bass-clef note is F.

Hint: Use the bass-clef line and space names, then count any ledger lines carefully.

### Question 10 of 25

ID: h-literacy-easy-010 | Concept: bass-clef-note-identification | Type: notation | Stages 1-5

**What note is this?**

**A. G (correct)**

B. D

C. E

D. F

Visual or notation: The note G in the bass clef.

Explanation: This bass-clef note is G.

Hint: Use the bass-clef line and space names, then count any ledger lines carefully.

### Question 11 of 25

ID: h-literacy-easy-011 | Concept: bass-clef-note-identification | Type: notation | Stages 1-5

**What note is this?**

**A. A (correct)**

B. E

C. F

D. G

Visual or notation: The note A in the bass clef.

Explanation: This bass-clef note is A.

Hint: Use the bass-clef line and space names, then count any ledger lines carefully.

### Question 12 of 25

ID: h-literacy-easy-012 | Concept: bass-clef-note-identification | Type: notation | Stages 1-5

**What note is this?**

**A. B (correct)**

B. F

C. G

D. A

Visual or notation: The note B in the bass clef.

Explanation: This bass-clef note is B.

Hint: Use the bass-clef line and space names, then count any ledger lines carefully.

### Question 13 of 25

ID: h-literacy-easy-013 | Concept: bass-clef-note-identification | Type: notation | Stages 1-5

**What note is this?**

**A. C (correct)**

B. D

C. E

D. F

Visual or notation: The note C in the bass clef.

Explanation: This bass-clef note is C.

Hint: Use the bass-clef line and space names, then count any ledger lines carefully.

### Question 14 of 25

ID: h-literacy-easy-014 | Concept: diatonic-interval-identification | Type: notation | Stages 1-5

**What interval is this?**

**A. 2nd (correct)**

B. 3rd

C. 4th

D. 5th

Visual or notation: Two treble-clef notes forming a 2nd.

Explanation: Counting both written notes gives a 2nd.

Hint: Count the first note as one, then count each line and space up to the second note.

### Question 15 of 25

ID: h-literacy-easy-015 | Concept: diatonic-interval-identification | Type: notation | Stages 1-5

**What interval is this?**

**A. 3rd (correct)**

B. 4th

C. 5th

D. 6th

Visual or notation: Two treble-clef notes forming a 3rd.

Explanation: Counting both written notes gives a 3rd.

Hint: Count the first note as one, then count each line and space up to the second note.

### Question 16 of 25

ID: h-literacy-easy-016 | Concept: diatonic-interval-identification | Type: notation | Stages 1-5

**What interval is this?**

**A. 4th (correct)**

B. 5th

C. 6th

D. 7th

Visual or notation: Two treble-clef notes forming a 4th.

Explanation: Counting both written notes gives a 4th.

Hint: Count the first note as one, then count each line and space up to the second note.

### Question 17 of 25

ID: h-literacy-easy-017 | Concept: diatonic-interval-identification | Type: notation | Stages 1-5

**What interval is this?**

**A. 5th (correct)**

B. 2nd

C. 3rd

D. 4th

Visual or notation: Two treble-clef notes forming a 5th.

Explanation: Counting both written notes gives a 5th.

Hint: Count the first note as one, then count each line and space up to the second note.

### Question 18 of 25

ID: h-literacy-easy-018 | Concept: diatonic-interval-identification | Type: notation | Stages 1-5

**What interval is this?**

**A. 6th (correct)**

B. 3rd

C. 4th

D. 5th

Visual or notation: Two treble-clef notes forming a 6th.

Explanation: Counting both written notes gives a 6th.

Hint: Count the first note as one, then count each line and space up to the second note.

### Question 19 of 25

ID: h-literacy-easy-019 | Concept: diatonic-interval-identification | Type: notation | Stages 1-5

**What interval is this?**

**A. 7th (correct)**

B. 4th

C. 5th

D. 6th

Visual or notation: Two treble-clef notes forming a 7th.

Explanation: Counting both written notes gives a 7th.

Hint: Count the first note as one, then count each line and space up to the second note.

### Question 20 of 25

ID: h-literacy-easy-020 | Concept: diatonic-interval-identification | Type: notation | Stages 1-5

**What interval is this?**

- A. Octave (correct)**
- B. 2nd
- C. 3rd
- D. 4th

Visual or notation: Two treble-clef notes forming an octave.

Explanation: Counting both written notes gives an octave.

Hint: Count the first note as one, then count each line and space up to the second note.

### Question 21 of 25

ID: h-literacy-easy-021 | Concept: articulation-definition | Type: text | Stages 1-5

**What does an accent tell a performer to do?**

- A. Play the note with extra emphasis (correct)**
- B. Play the note short and detached
- C. Play the notes smoothly
- D. Play the phrase more quietly

Visual or notation: Displayed marking: accent

Explanation: An accent gives a note extra emphasis.

Hint: Think about how the marking changes the way the notes are performed.

### Question 22 of 25

ID: h-literacy-easy-022 | Concept: articulation-definition | Type: text | Stages 1-5

**What does staccato tell a performer to do?**

- A. Play short and detached (correct)**
- B. Play smoothly and connected
- C. Play with extra emphasis
- D. Play gradually louder

Hint: Think about how the marking changes the way the notes are performed.

### Question 23 of 25

ID: h-literacy-easy-023 | Concept: articulation-definition | Type: text | Stages 1-5

**What does a slur tell a performer to do?**

- A. Play the notes smoothly and connected (correct)**
- B. Play every note with an accent
- C. Play the notes short and detached
- D. Repeat the complete phrase

Visual or notation: Displayed marking: slur

Explanation: A slur tells the performer to play the notes smoothly and connected.

Hint: Think about how the marking changes the way the notes are performed.

### Question 24 of 25

ID: h-literacy-easy-024 | Concept: articulation-definition | Type: text | Stages 1-5

**What does a phrase mark show?**

- A. Where a complete musical phrase is shaped (correct)**
- B. Where every note is detached
- C. Where the music must repeat
- D. Where one note is strongly accented

Visual or notation: Displayed marking: phrase

Explanation: A phrase mark shows the span of a complete musical phrase.

Hint: Think about how the marking changes the way the notes are performed.

### Question 25 of 25

ID: h-literacy-easy-025 | Concept: key-signature-identification | Type: notation | Stages 1-5

**What is this minor key signature?**

**A. A minor (correct)**

- B. E minor
- C. C minor
- D. D minor

Visual or notation: The key signature of A minor.

Explanation: A minor has no sharps or flats in its key signature.

Hint: Count the sharps or flats and check their positions on the staff.

## Medium - 31 questions

### Question 1 of 31

ID: h-literacy-medium-001 | Concept: articulation-identification | Type: notation | Stages 6-10

**What is this articulation marking called?**

**A. Accent (correct)**

- B. Staccato
- C. Slur
- D. Phrase mark

Visual or notation: Accent shown on musical notation.

Explanation: This is an accent.

Hint: Look at whether the marking applies to one note, a short group or a complete phrase.

### Question 2 of 31

ID: h-literacy-medium-002 | Concept: articulation-identification | Type: notation | Stages 6-10

**What is this articulation marking called?**

**A. Staccato (correct)**

- B. Accent
- C. Slur
- D. Phrase mark

Visual or notation: Staccato shown on musical notation.

Explanation: This is a staccato.

Hint: Look at whether the marking applies to one note, a short group or a complete phrase.

### Question 3 of 31

ID: h-literacy-medium-003 | Concept: articulation-identification | Type: notation | Stages 6-10

**What is this articulation marking called?**

**A. Slur (correct)**

- B. Phrase mark
- C. Accent
- D. Staccato

Visual or notation: Slur shown on musical notation.

Explanation: This is a slur.

Hint: Look at whether the marking applies to one note, a short group or a complete phrase.

### Question 4 of 31

ID: h-literacy-medium-004 | Concept: articulation-identification | Type: notation | Stages 6-10

**What is this articulation marking called?**

**A. Phrase mark (correct)**

- B. Slur
- C. Staccato
- D. Accent

Visual or notation: Phrase mark shown on musical notation.

Explanation: This is a phrase mark.

Hint: Look at whether the marking applies to one note, a short group or a complete phrase.

### Question 5 of 31

ID: h-literacy-medium-005 | Concept: da-capo-definition | Type: text | Stages 6-10

**What does D.C. instruct a performer to do?**

- A. Return to the beginning and play again (correct)
- B. Repeat only the previous bar

Hint: The Italian words da capo mean from the beginning.

### Question 6 of 31

ID: h-literacy-medium-006 | Concept: rest-name | Type: notation | Stages 6-10

**What is this rest called?**

- A. Quaver rest (correct)
- B. Crotchet rest
- C. Dotted crotchet rest
- D. Minim rest

Visual or notation: Quaver rest

Explanation: This symbol is a quaver rest.

Hint: Compare its shape and stave position with the standard rest symbols.

### Question 7 of 31

ID: h-literacy-medium-011 | Concept: rest-value | Type: notation | Stages 6-10

**What is the value of this rest?**

- A. 0.5 beat (correct)
- B. 1 beat
- C. 1.5 beats
- D. 2 beats

Visual or notation: Quaver rest

Explanation: A quaver rest is worth 0.5 beat.

Hint: Match the rest symbol to the equivalent note value.

### Question 8 of 31

ID: h-literacy-medium-007 | Concept: rest-name | Type: notation | Stages 6-10

**What is this rest called?**

- A. Crotchet rest (correct)
- B. Quaver rest
- C. Dotted crotchet rest
- D. Minim rest

Visual or notation: Crotchet rest

Explanation: This symbol is a crotchet rest.

Hint: Compare its shape and stave position with the standard rest symbols.

### Question 9 of 31

ID: h-literacy-medium-012 | Concept: rest-value | Type: notation | Stages 6-10

**What is the value of this rest?**

- A. 1 beat (correct)
- B. 0.5 beat
- C. 1.5 beats
- D. 2 beats

Visual or notation: Crotchet rest

Explanation: A crotchet rest is worth 1 beat.

Hint: Match the rest symbol to the equivalent note value.

### Question 10 of 31

ID: h-literacy-medium-008 | Concept: rest-name | Type: notation | Stages 6-10

**What is this rest called?**

- A. Dotted crotchet rest (correct)
- B. Quaver rest
- C. Crotchet rest
- D. Minim rest

Visual or notation: Dotted crotchet rest

Explanation: This symbol is a dotted crotchet rest.

Hint: Compare its shape and stave position with the standard rest symbols.

### Question 11 of 31

ID: h-literacy-medium-013 | Concept: rest-value | Type: notation | Stages 6-10

**What is the value of this rest?**

- A. 1.5 beats (correct)
- B. 0.5 beat
- C. 1 beat
- D. 2 beats

Visual or notation: Dotted crotchet rest

Explanation: A dotted crotchet rest is worth 1.5 beats.

Hint: Match the rest symbol to the equivalent note value.

### Question 12 of 31

ID: h-literacy-medium-009 | Concept: rest-name | Type: notation | Stages 6-10

**What is this rest called?**

- A. Minim rest (correct)
- B. Quaver rest
- C. Crotchet rest
- D. Dotted crotchet rest

Visual or notation: Minim rest

Explanation: This symbol is a minim rest.

Hint: Compare its shape and stave position with the standard rest symbols.

### Question 13 of 31

ID: h-literacy-medium-014 | Concept: rest-value | Type: notation | Stages 6-10

**What is the value of this rest?**

- A. 2 beats (correct)
- B. 0.5 beat
- C. 1 beat
- D. 1.5 beats

Visual or notation: Minim rest

Explanation: A minim rest is worth 2 beats.

Hint: Match the rest symbol to the equivalent note value.

### Question 14 of 31

ID: h-literacy-medium-010 | Concept: rest-name | Type: notation | Stages 6-10

**What is this rest called?**

- A. Semibreve rest (correct)
- B. Quaver rest
- C. Crotchet rest
- D. Dotted crotchet rest

Visual or notation: Semibreve rest

Explanation: This symbol is a semibreve rest.

Hint: Compare its shape and stave position with the standard rest symbols.

### Question 15 of 31

ID: h-literacy-medium-015 | Concept: rest-value | Type: notation | Stages 6-10

**What is the value of this rest?**

- A. 4 beats (correct)
- B. 0.5 beat
- C. 1 beat
- D. 1.5 beats

Visual or notation: Semibreve rest

Explanation: A semibreve rest is worth 4 beats.

Hint: Match the rest symbol to the equivalent note value.

### Question 16 of 31

ID: h-literacy-medium-016 | Concept: note-rest-sum | Type: notation | Stages 6-10

**What is the total value of these two symbols?**

- A. 1.5 beats (correct)
- B. 2 beats
- C. 2.5 beats
- D. 3 beats

Visual or notation: One note plus one rest.

Explanation: The note and rest have a combined value of 1.5 beats.

Hint: Work out the value of the note and the rest separately, then add them.

### Question 17 of 31

ID: h-literacy-medium-017 | Concept: note-rest-sum | Type: notation | Stages 6-10

**What is the total value of these two symbols?**

- A. 2 beats (correct)
- B. 2.5 beats
- C. 3 beats
- D. 4 beats

Visual or notation: One note plus one rest.

Explanation: The note and rest have a combined value of 2 beats.

Hint: Work out the value of the note and the rest separately, then add them.

### Question 18 of 31

ID: h-literacy-medium-018 | Concept: note-rest-sum | Type: notation | Stages 6-10

**What is the total value of these two symbols?**

- A. 3 beats (correct)
- B. 2.5 beats
- C. 4 beats
- D. 4.5 beats

Visual or notation: One note plus one rest.

Explanation: The note and rest have a combined value of 3 beats.

Hint: Work out the value of the note and the rest separately, then add them.

### Question 19 of 31

ID: h-literacy-medium-019 | Concept: note-rest-sum | Type: notation | Stages 6-10

**What is the total value of these two symbols?**

- A. 3 beats (correct)
- B. 1.5 beats
- C. 2 beats
- D. 2.5 beats

Visual or notation: One note plus one rest.

Explanation: The note and rest have a combined value of 3 beats.

Hint: Work out the value of the note and the rest separately, then add them.

### Question 20 of 31

ID: h-literacy-medium-020 | Concept: note-rest-sum | Type: notation | Stages 6-10

**What is the total value of these two symbols?**

**A. 2 beats (correct)**

B. 2.5 beats

C. 3 beats

D. 4 beats

Visual or notation: One note plus one rest.

Explanation: The note and rest have a combined value of 2 beats.

Hint: Work out the value of the note and the rest separately, then add them.

### Question 21 of 31

ID: h-literacy-medium-021 | Concept: note-rest-sum | Type: notation | Stages 6-10

**What is the total value of these two symbols?**

**A. 4.5 beats (correct)**

B. 2.5 beats

C. 3 beats

D. 4 beats

Visual or notation: One note plus one rest.

Explanation: The note and rest have a combined value of 4.5 beats.

Hint: Work out the value of the note and the rest separately, then add them.

### Question 22 of 31

ID: h-literacy-medium-022 | Concept: note-rest-sum | Type: notation | Stages 6-10

**What is the total value of these two symbols?**

**A. 6 beats (correct)**

B. 1.5 beats

C. 2 beats

D. 2.5 beats

Visual or notation: One note plus one rest.

Explanation: The note and rest have a combined value of 6 beats.

Hint: Work out the value of the note and the rest separately, then add them.

### Question 23 of 31

ID: h-literacy-medium-023 | Concept: note-rest-sum | Type: notation | Stages 6-10

**What is the total value of these two symbols?**

**A. 2.5 beats (correct)**

B. 2 beats

C. 3 beats

D. 4 beats

Visual or notation: One note plus one rest.

Explanation: The note and rest have a combined value of 2.5 beats.

Hint: Work out the value of the note and the rest separately, then add them.

### Question 24 of 31

ID: h-literacy-medium-024 | Concept: higher-time-signature | Type: notation | Stages 6-10

**Which time signature fits this complete bar?**

**A. 2/4 (correct)**

B. 3/4

C. 4/4

D. 6/8

Visual or notation: A complete 2/4 bar using dotted and subdivided rhythms.

Explanation: The displayed rhythms form a complete 2/4 bar.

Hint: Count every subdivision and check whether the rhythms are grouped in simple or compound time.

### Question 25 of 31

ID: h-literacy-medium-025 | Concept: higher-time-signature | Type: notation | Stages 6-10

**Which time signature fits this complete bar?**

**A. 2/4 (correct)**

B. 3/4

C. 4/4

D. 6/8

Visual or notation: A complete 2/4 bar using dotted and subdivided rhythms.

Explanation: The displayed rhythms form a complete 2/4 bar.

Hint: Count every subdivision and check whether the rhythms are grouped in simple or compound time.

### Question 26 of 31

ID: h-literacy-medium-026 | Concept: higher-time-signature | Type: notation | Stages 6-10

**Which time signature fits this complete bar?**

**A. 3/4 (correct)**

B. 2/4

C. 4/4

D. 6/8

Visual or notation: A complete 3/4 bar using dotted and subdivided rhythms.

Explanation: The displayed rhythms form a complete 3/4 bar.

Hint: Count every subdivision and check whether the rhythms are grouped in simple or compound time.

### Question 27 of 31

ID: h-literacy-medium-027 | Concept: higher-time-signature | Type: notation | Stages 6-10

**Which time signature fits this complete bar?**

**A. 3/4 (correct)**

B. 2/4

C. 4/4

D. 6/8

Visual or notation: A complete 3/4 bar using dotted and subdivided rhythms.

Explanation: The displayed rhythms form a complete 3/4 bar.

Hint: Count every subdivision and check whether the rhythms are grouped in simple or compound time.

### Question 28 of 31

ID: h-literacy-medium-028 | Concept: higher-time-signature | Type: notation | Stages 6-10

**Which time signature fits this complete bar?**

**A. 4/4 (correct)**

B. 2/4

C. 3/4

D. 6/8

Visual or notation: A complete 4/4 bar using dotted and subdivided rhythms.

Explanation: The displayed rhythms form a complete 4/4 bar.

Hint: Count every subdivision and check whether the rhythms are grouped in simple or compound time.

### Question 29 of 31

ID: h-literacy-medium-029 | Concept: higher-time-signature | Type: notation | Stages 6-10

**Which time signature fits this complete bar?**

**A. 4/4 (correct)**

B. 2/4

C. 3/4

D. 6/8

Visual or notation: A complete 4/4 bar using dotted and subdivided rhythms.

Explanation: The displayed rhythms form a complete 4/4 bar.

Hint: Count every subdivision and check whether the rhythms are grouped in simple or compound time.

### Question 30 of 31

ID: h-literacy-medium-030 | Concept: higher-time-signature | Type: notation | Stages 6-10

**Which time signature fits this complete bar?**

**A. 6/8 (correct)**

B. 2/4

C. 3/4

D. 4/4

Visual or notation: A complete 6/8 bar using dotted and subdivided rhythms.

Explanation: The displayed rhythms form a complete 6/8 bar.

Hint: Count every subdivision and check whether the rhythms are grouped in simple or compound time.

### Question 31 of 31

ID: h-literacy-medium-031 | Concept: higher-time-signature | Type: notation | Stages 6-10

**Which time signature fits this complete bar?**

**A. 6/8 (correct)**

B. 2/4

C. 3/4

D. 4/4

Visual or notation: A complete 6/8 bar using dotted and subdivided rhythms.

Explanation: The displayed rhythms form a complete 6/8 bar.

Hint: Count every subdivision and check whether the rhythms are grouped in simple or compound time.

## Hard - 27 questions

### Question 1 of 27

ID: h-literacy-hard-001 | Concept: missing-rest | Type: notation | Stages 11-15

**Which rest completes this bar?**

**A. Crotchet rest (correct)**

B. Quaver rest

C. Dotted crotchet rest

D. Minim rest

Visual or notation: A 2/4 bar with one missing rest.

Explanation: A crotchet rest supplies the missing value and completes the 2/4 bar.

Hint: Add the visible note values, then choose the rest that supplies the missing value.

### Question 2 of 27

ID: h-literacy-hard-002 | Concept: missing-rest | Type: notation | Stages 11-15

**Which rest completes this bar?**

**A. Quaver rest (correct)**

B. Dotted crotchet rest

C. Minim rest

D. Semibreve rest

Visual or notation: A 2/4 bar with one missing rest.

Explanation: A quaver rest supplies the missing value and completes the 2/4 bar.

Hint: Add the visible note values, then choose the rest that supplies the missing value.

### Question 3 of 27

ID: h-literacy-hard-003 | Concept: missing-rest | Type: notation | Stages 11-15

**Which rest completes this bar?**

**A. Crotchet rest (correct)**

B. Quaver rest

C. Dotted crotchet rest

D. Minim rest

Visual or notation: A 3/4 bar with one missing rest.

Explanation: A crotchet rest supplies the missing value and completes the 3/4 bar.

Hint: Add the visible note values, then choose the rest that supplies the missing value.

### Question 4 of 27

ID: h-literacy-hard-004 | Concept: missing-rest | Type: notation | Stages 11-15

**Which rest completes this bar?**

- A. Crotchet rest (correct)
- B. Dotted crotchet rest
- C. Minim rest
- D. Semibreve rest

Visual or notation: A 3/4 bar with one missing rest.

Explanation: A crotchet rest supplies the missing value and completes the 3/4 bar.

Hint: Add the visible note values, then choose the rest that supplies the missing value.

### Question 5 of 27

ID: h-literacy-hard-005 | Concept: missing-rest | Type: notation | Stages 11-15

**Which rest completes this bar?**

- A. Minim rest (correct)
- B. Quaver rest
- C. Crotchet rest
- D. Dotted crotchet rest

Visual or notation: A 4/4 bar with one missing rest.

Explanation: A minim rest supplies the missing value and completes the 4/4 bar.

Hint: Add the visible note values, then choose the rest that supplies the missing value.

### Question 6 of 27

ID: h-literacy-hard-006 | Concept: missing-rest | Type: notation | Stages 11-15

**Which rest completes this bar?**

- A. Minim rest (correct)
- B. Crotchet rest
- C. Dotted crotchet rest
- D. Semibreve rest

Visual or notation: A 4/4 bar with one missing rest.

Explanation: A minim rest supplies the missing value and completes the 4/4 bar.

Hint: Add the visible note values, then choose the rest that supplies the missing value.

### Question 7 of 27

ID: h-literacy-hard-007 | Concept: missing-rest | Type: notation | Stages 11-15

**Which rest completes this bar?**

- A. Dotted crotchet rest (correct)
- B. Quaver rest
- C. Crotchet rest
- D. Minim rest

Visual or notation: A 6/8 bar with one missing rest.

Explanation: A dotted crotchet rest supplies the missing value and completes the 6/8 bar.

Hint: Add the visible note values, then choose the rest that supplies the missing value.

### Question 8 of 27

ID: h-literacy-hard-008 | Concept: missing-rest | Type: notation | Stages 11-15

**Which rest completes this bar?**

- A. Dotted crotchet rest (correct)
- B. Crotchet rest
- C. Minim rest
- D. Semibreve rest

Visual or notation: A 6/8 bar with one missing rest.

Explanation: A dotted crotchet rest supplies the missing value and completes the 6/8 bar.

Hint: Add the visible note values, then choose the rest that supplies the missing value.

### Question 9 of 27

ID: h-literacy-hard-009 | Concept: missing-rest | Type: notation | Stages 11-15

**Which rest completes this bar?**

- A. Dotted crotchet rest (correct)
- B. Quaver rest
- C. Crotchet rest
- D. Minim rest

Visual or notation: A 9/8 bar with one missing rest.

Explanation: A dotted crotchet rest supplies the missing value and completes the 9/8 bar.

Hint: Add the visible note values, then choose the rest that supplies the missing value.

### Question 10 of 27

ID: h-literacy-hard-010 | Concept: missing-rest | Type: notation | Stages 11-15

**Which rest completes this bar?**

- A. Crotchet rest (correct)
- B. Dotted crotchet rest
- C. Minim rest
- D. Semibreve rest

Visual or notation: A 9/8 bar with one missing rest.

Explanation: A crotchet rest supplies the missing value and completes the 9/8 bar.

Hint: Add the visible note values, then choose the rest that supplies the missing value.

### Question 11 of 27

ID: h-literacy-hard-011 | Concept: missing-rest | Type: notation | Stages 11-15

**Which rest completes this bar?**

- A. Dotted crotchet rest (correct)
- B. Quaver rest
- C. Crotchet rest
- D. Minim rest

Visual or notation: A 12/8 bar with one missing rest.

Explanation: A dotted crotchet rest supplies the missing value and completes the 12/8 bar.

Hint: Add the visible note values, then choose the rest that supplies the missing value.

### Question 12 of 27

ID: h-literacy-hard-012 | Concept: missing-rest | Type: notation | Stages 11-15

**Which rest completes this bar?**

- A. Crotchet rest (correct)
- B. Dotted crotchet rest
- C. Minim rest
- D. Semibreve rest

Visual or notation: A 12/8 bar with one missing rest.

Explanation: A crotchet rest supplies the missing value and completes the 12/8 bar.

Hint: Add the visible note values, then choose the rest that supplies the missing value.

### Question 13 of 27

ID: h-literacy-hard-013 | Concept: triplet-equivalence | Type: notation | Stages 11-15

**How many quaver-triplet groups fit into a semibreve?**

- A. 4 (correct)
- B. 3
- C. 6
- D. 8

Visual or notation: A quaver-triplet group compared with a semibreve.

Explanation: One quaver-triplet group lasts one beat, so four groups fit into a four-beat semibreve.

Hint: Treat each complete quaver-triplet group as one crotchet beat.

### Question 14 of 27

ID: h-literacy-hard-014 | Concept: triplet-equivalence | Type: notation | Stages 11-15

**Which rhythm has the same total value as a crotchet-triplet group?**

- A. Minim (correct)
- B. Crotchet
- C. Dotted crotchet
- D. Semibreve

Visual or notation: A group of three crotchet triplets.

Explanation: A complete crotchet-triplet group lasts two beats, the same as a minim.

Hint: Three crotchet triplets fit evenly into two crotchet beats.

### Question 15 of 27

ID: h-literacy-hard-015 | Concept: triplet-equivalence | Type: notation | Stages 11-15

**Which rhythm has the same total value as a quaver-triplet group?**

- A. Crotchet (correct)
- B. Quaver
- C. Minim
- D. Dotted crotchet

Visual or notation: A group of three quaver triplets.

Explanation: A complete quaver-triplet group lasts one beat, the same as a crotchet.

Hint: Three quaver triplets fit evenly into one crotchet beat.

### Question 16 of 27

ID: h-literacy-hard-016 | Concept: tonic-subdominant-dominant | Type: text | Stages 11-15

**The key is C major. What is the tonic note?**

- A. C (correct)
- B. A
- C. B flat
- D. B

Explanation: In C major, the tonic note is C.

Hint: The tonic is the first note of the scale.

### Question 17 of 27

ID: h-literacy-hard-017 | Concept: tonic-subdominant-dominant | Type: text | Stages 11-15

**The key is C major. What is the subdominant note?**

- A. F (correct)
- B. B flat
- C. B
- D. C

Explanation: In C major, the subdominant note is F.

Hint: The subdominant is the fourth note of the scale.

### Question 18 of 27

ID: h-literacy-hard-018 | Concept: tonic-subdominant-dominant | Type: text | Stages 11-15

**The key is C major. What is the dominant note?**

- A. G (correct)
- B. B
- C. C
- D. D

Explanation: In C major, the dominant note is G.

Hint: The dominant is the fifth note of the scale.

### Question 19 of 27

ID: h-literacy-hard-019 | Concept: tonic-subdominant-dominant | Type: text | Stages 11-15

**The key is G major. What is the tonic note?**

- A. G (correct)
- B. C
- C. D
- D. E

Explanation: In G major, the tonic note is G.

Hint: The tonic is the first note of the scale.

### Question 20 of 27

ID: h-literacy-hard-020 | Concept: tonic-subdominant-dominant | Type: text | Stages 11-15

**The key is G major. What is the subdominant note?**

- A. C (correct)
- B. A
- C. B flat
- D. B

Explanation: In G major, the subdominant note is C.

Hint: The subdominant is the fourth note of the scale.

### Question 21 of 27

ID: h-literacy-hard-021 | Concept: tonic-subdominant-dominant | Type: text | Stages 11-15

**The key is G major. What is the dominant note?**

- A. D (correct)
- B. B flat
- C. B
- D. C

Explanation: In G major, the dominant note is D.

Hint: The dominant is the fifth note of the scale.

### Question 22 of 27

ID: h-literacy-hard-022 | Concept: tonic-subdominant-dominant | Type: text | Stages 11-15

**The key is F major. What is the tonic note?**

- A. F (correct)
- B. B
- C. C
- D. D

Explanation: In F major, the tonic note is F.

Hint: The tonic is the first note of the scale.

### Question 23 of 27

ID: h-literacy-hard-023 | Concept: tonic-subdominant-dominant | Type: text | Stages 11-15

**The key is F major. What is the subdominant note?**

- A. B flat (correct)
- B. D
- C. E
- D. F

Explanation: In F major, the subdominant note is B flat.

Hint: The subdominant is the fourth note of the scale.

### Question 24 of 27

ID: h-literacy-hard-024 | Concept: tonic-subdominant-dominant | Type: text | Stages 11-15

**The key is F major. What is the dominant note?**

- A. C (correct)
- B. A
- C. B flat
- D. B

Explanation: In F major, the dominant note is C.

Hint: The dominant is the fifth note of the scale.

### Question 25 of 27

ID: h-literacy-hard-025 | Concept: tonic-subdominant-dominant | Type: text | Stages 11-15

**The key is A minor. What is the tonic note?**

- A. A (correct)
- B. B
- C. C
- D. D

Explanation: In A minor, the tonic note is A.

Hint: The tonic is the first note of the scale.

### Question 26 of 27

ID: h-literacy-hard-026 | Concept: tonic-subdominant-dominant | Type: text | Stages 11-15

**The key is A minor. What is the subdominant note?**

- A. D (correct)
- B. B
- C. C
- D. E

Explanation: In A minor, the subdominant note is D.

Hint: The subdominant is the fourth note of the scale.

### Question 27 of 27

ID: h-literacy-hard-027 | Concept: tonic-subdominant-dominant | Type: text | Stages 11-15

**The key is A minor. What is the dominant note?**

- A. E (correct)
- B. C
- C. D
- D. F

Explanation: In A minor, the dominant note is E.

Hint: The dominant is the fifth note of the scale.

**What note is this?**

- A. C (correct)
- B. D
- C. E
- D. F

Visual or notation: C in the bass clef.

Explanation: This is C.

Hint: Count the bass- or treble-clef line and space positions carefully, including any ledger lines.

### Question 2 of 26

ID: ah-literacy-easy-002 | Concept: note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. D (correct)
- B. E
- C. F
- D. G

Visual or notation: D in the bass clef.

Explanation: This is D.

Hint: Count the bass- or treble-clef line and space positions carefully, including any ledger lines.

### Question 3 of 26

ID: ah-literacy-easy-003 | Concept: note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. D (correct)
- B. F
- C. G
- D. A

Visual or notation: D in the bass clef.

Explanation: This is D.

Hint: Count the bass- or treble-clef line and space positions carefully, including any ledger lines.

### Question 4 of 26

ID: ah-literacy-easy-004 | Concept: note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. E (correct)
- B. G
- C. A
- D. B

Visual or notation: E in the bass clef.

Explanation: This is E.

Hint: Count the bass- or treble-clef line and space positions carefully, including any ledger lines.

### Question 5 of 26

ID: ah-literacy-easy-005 | Concept: note-identification | Type: notation | Stages 1-5

**What note is this?**

**A. C (correct)**

B. D

C. E

D. F

Visual or notation: C in the treble clef.

Explanation: This is C.

Hint: Count the bass- or treble-clef line and space positions carefully, including any ledger lines.

### Question 6 of 26

ID: ah-literacy-easy-006 | Concept: note-identification | Type: notation | Stages 1-5

**What note is this?**

**A. A (correct)**

B. D

C. E

D. F

Visual or notation: A in the treble clef.

Explanation: This is A.

Hint: Count the bass- or treble-clef line and space positions carefully, including any ledger lines.

### Question 7 of 26

ID: ah-literacy-easy-007 | Concept: note-identification | Type: notation | Stages 1-5

**What note is this?**

**A. B (correct)**

B. E

C. F

D. G

Visual or notation: B in the treble clef.

Explanation: This is B.

Hint: Count the bass- or treble-clef line and space positions carefully, including any ledger lines.

### Question 8 of 26

ID: ah-literacy-easy-008 | Concept: note-identification | Type: notation | Stages 1-5

**What note is this?**

**A. C (correct)**

B. G

C. A

D. B

Visual or notation: C in the treble clef.

Explanation: This is C.

Hint: Count the bass- or treble-clef line and space positions carefully, including any ledger lines.

### Question 9 of 26

ID: ah-literacy-easy-009 | Concept: note-identification | Type: notation | Stages 1-5

**What note is this?**

**A. A flat (correct)**

B. C flat

C. D flat

D. E flat

Visual or notation: A flat in the bass clef.

Explanation: This is A flat.

Hint: Count the bass- or treble-clef line and space positions carefully, including any ledger lines.

### Question 10 of 26

ID: ah-literacy-easy-010 | Concept: note-identification | Type: notation | Stages 1-5

**What note is this?**

- A. F sharp (correct)**
- B. D sharp
- C. E sharp
- D. G sharp

Visual or notation: F sharp in the treble clef.

Explanation: This is F sharp.

Hint: Count the bass- or treble-clef line and space positions carefully, including any ledger lines.

### Question 11 of 26

ID: ah-literacy-easy-021 | Concept: octave-sign | Type: notation | Stages 1-5

**What does 8va mean?**

- A. Play the notes one octave higher (correct)**
- B. Play the notes one octave lower
- C. Play the notes eight times
- D. Play the notes twice as fast

Visual or notation: The 8va octave sign.

Explanation: 8vb tells the performer to play the written notes one octave lower.

Hint: The letter a points above; the letter b points below.

### Question 12 of 26

ID: ah-literacy-easy-022 | Concept: octave-sign | Type: notation | Stages 1-5

**What does 8vb mean?**

- A. Play the notes one octave lower (correct)**
- B. Play the notes one octave higher
- C. Play the notes eight times
- D. Play the notes twice as quietly

Visual or notation: The 8vb octave sign.

Explanation: 8vb tells the performer to play the written notes one octave lower.

Hint: The letter a points above; the letter b points below.

### Question 13 of 26

ID: ah-literacy-easy-023 | Concept: octave-sign | Type: text | Stages 1-5

**Which instruction means play one octave higher?**

- A. 8va (correct)**
- B. 8vb
- C. D.S.
- D. Fine

Explanation: 8va tells the performer to play the written notes one octave higher.

Hint: The letter a points above; the letter b points below.

### Question 14 of 26

ID: ah-literacy-easy-024 | Concept: octave-sign | Type: text | Stages 1-5

**Which instruction means play one octave lower?**

- A. 8vb (correct)**
- B. 8va
- C. D.C.
- D. Fine

Explanation: 8vb tells the performer to play the written notes one octave lower.

Hint: The letter a points above; the letter b points below.

### Question 15 of 26

ID: ah-literacy-easy-025 | Concept: key-signature-identification | Type: notation | Stages 1-5

**What is this major key signature?**

- A. D major (correct)**
- B. B flat major
- C. G major
- D. E minor

Visual or notation: The key signature of D major.

Explanation: This is the key signature of D major.

Hint: Count the sharps or flats, then distinguish carefully between the related major and minor keys.

### Question 16 of 26

ID: ah-literacy-easy-026 | Concept: key-signature-identification | Type: notation | Stages 1-5

**What is this major key signature?**

- A. B flat major (correct)**
- B. D major
- C. F major
- D. D minor

Visual or notation: The key signature of B flat major.

Explanation: This is the key signature of B flat major.

Hint: Count the sharps or flats, then distinguish carefully between the related major and minor keys.

### Question 17 of 26

ID: ah-literacy-easy-027 | Concept: key-signature-identification | Type: notation | Stages 1-5

**What is this minor key signature?**

- A. E minor (correct)**
- B. G major
- C. D minor
- D. A minor

Visual or notation: The key signature of E minor.

Explanation: This is the key signature of E minor.

Hint: Count the sharps or flats, then distinguish carefully between the related major and minor keys.

### Question 18 of 26

ID: ah-literacy-easy-028 | Concept: key-signature-identification | Type: notation | Stages 1-5

**What is this minor key signature?**

- A. D minor (correct)**
- B. B flat major
- C. E minor
- D. A minor

Visual or notation: The key signature of D minor.

Explanation: This is the key signature of D minor.

Hint: Count the sharps or flats, then distinguish carefully between the related major and minor keys.

### Question 19 of 26

ID: ah-literacy-easy-041 | Concept: key-signature-identification | Type: notation | Stages 1-5

**What is this major key signature?**

- A. C major (correct)**
- B. F major
- C. G major
- D. A minor

Visual or notation: The key signature of C major.

Explanation: This is the key signature of C major.

Hint: Count the sharps or flats, then decide whether the question asks for a major or minor key.

### Question 20 of 26

ID: ah-literacy-easy-042 | Concept: key-signature-identification | Type: notation | Stages 1-5

**What is this major key signature?**

- A. F major (correct)**
- B. G major
- C. C major
- D. D minor

Visual or notation: The key signature of F major.

Explanation: This is the key signature of F major.

Hint: Count the sharps or flats, then decide whether the question asks for a major or minor key.

### Question 21 of 26

ID: ah-literacy-easy-043 | Concept: key-signature-identification | Type: notation | Stages 1-5

**What is this major key signature?**

- A. G major (correct)**
- B. F major
- C. D major
- D. E minor

Visual or notation: The key signature of G major.

Explanation: This is the key signature of G major.

Hint: Count the sharps or flats, then decide whether the question asks for a major or minor key.

### Question 22 of 26

ID: ah-literacy-easy-044 | Concept: key-signature-identification | Type: notation | Stages 1-5

**What is this minor key signature?**

- A. A minor (correct)**
- B. E minor
- C. D minor
- D. C major

Visual or notation: The key signature of A minor.

Explanation: This is the key signature of A minor.

Hint: Count the sharps or flats, then decide whether the question asks for a major or minor key.

### Question 23 of 26

ID: ah-literacy-easy-045 | Concept: tie-identification | Type: notation | Stages 1-5

**What is the highlighted symbol called?**

- A. Tie (correct)**
- B. Slur
- C. Phrase mark
- D. Legato

Visual or notation: Two notes of the same pitch joined by a highlighted tie.

Explanation: A tie joins two notes of exactly the same pitch so their durations are added together.

Hint: A tie always connects two notes on the same line or space.

### Question 24 of 26

ID: ah-literacy-easy-046 | Concept: tie-identification | Type: notation | Stages 1-5

**What is the highlighted symbol called?**

- A. Tie (correct)**
- B. Slur
- C. Phrase mark
- D. Legato

Visual or notation: Two notes of the same pitch joined by a highlighted tie.

Explanation: A tie joins two notes of exactly the same pitch so their durations are added together.

Hint: A tie always connects two notes on the same line or space.

### Question 25 of 26

ID: ah-literacy-easy-047 | Concept: tie-identification | Type: notation | Stages 1-5

**What is the highlighted symbol called?**

- A. Tie (correct)
- B. Slur
- C. Phrase mark
- D. Legato

Visual or notation: Two notes of the same pitch joined by a highlighted tie.

Explanation: A tie joins two notes of exactly the same pitch so their durations are added together.

Hint: A tie always connects two notes on the same line or space.

### Question 26 of 26

ID: ah-literacy-easy-048 | Concept: tie-identification | Type: notation | Stages 1-5

**What is the highlighted symbol called?**

- A. Tie (correct)
- B. Slur
- C. Phrase mark
- D. Legato

Visual or notation: Two notes of the same pitch joined by a highlighted tie.

Explanation: A tie joins two notes of exactly the same pitch so their durations are added together.

Hint: A tie always connects two notes on the same line or space.

## Medium - 30 questions

### Question 1 of 30

ID: ah-literacy-medium-001 | Concept: time-signature | Type: notation | Stages 6-10 | game limit: 1 from five-four

**Which time signature fits this complete bar?**

- A. 5/4 (correct)
- B. 2/4
- C. 3/4
- D. 4/4

Visual or notation: A complete 5/4 bar.

Explanation: The displayed rhythms make a complete 5/4 bar.

Hint: Add the rhythmic values and check whether the beat divides into two or three.

### Question 2 of 30

ID: ah-literacy-medium-002 | Concept: time-signature | Type: notation | Stages 6-10 | game limit: 1 from five-four

**Which time signature fits this complete bar?**

- A. 5/4 (correct)
- B. 2/4
- C. 3/4
- D. 4/4

Visual or notation: A complete 5/4 bar.

Explanation: The displayed rhythms make a complete 5/4 bar.

Hint: Add the rhythmic values and check whether the beat divides into two or three.

### Question 3 of 30

ID: ah-literacy-medium-003 | Concept: time-signature | Type: notation | Stages 6-10 | game limit: 1 from five-four

**Which time signature fits this complete bar?**

- A. 5/4 (correct)
- B. 2/4
- C. 3/4
- D. 4/4

Visual or notation: A complete 5/4 bar.

Explanation: The displayed rhythms make a complete 5/4 bar.

Hint: Add the rhythmic values and check whether the beat divides into two or three.

### Question 4 of 30

ID: ah-literacy-medium-004 | Concept: time-signature | Type: notation | Stages 6-10 | game limit: 1 from five-four

**Which time signature fits this complete bar?**

**A. 5/4 (correct)**

B. 2/4

C. 3/4

D. 4/4

Visual or notation: A complete 5/4 bar.

Explanation: The displayed rhythms make a complete 5/4 bar.

Hint: Add the rhythmic values and check whether the beat divides into two or three.

### Question 5 of 30

ID: ah-literacy-medium-005 | Concept: time-signature | Type: notation | Stages 6-10 | game limit: 1 from five-four

**Which time signature fits this complete bar?**

**A. 5/4 (correct)**

B. 2/4

C. 3/4

D. 4/4

Visual or notation: A complete 5/4 bar.

Explanation: The displayed rhythms make a complete 5/4 bar.

Hint: Add the rhythmic values and check whether the beat divides into two or three.

### Question 6 of 30

ID: ah-literacy-medium-006 | Concept: time-signature | Type: notation | Stages 6-10 | game limit: 1 from five-four

**Which time signature fits this complete bar?**

**A. 5/4 (correct)**

B. 2/4

C. 3/4

D. 4/4

Visual or notation: A complete 5/4 bar.

Explanation: The displayed rhythms make a complete 5/4 bar.

Hint: Add the rhythmic values and check whether the beat divides into two or three.

### Question 7 of 30

ID: ah-literacy-medium-007 | Concept: time-signature | Type: notation | Stages 6-10

**Which time signature fits this complete bar?**

**A. 2/4 (correct)**

B. 3/4

C. 4/4

D. 5/4

Visual or notation: A complete 2/4 bar.

Explanation: The displayed rhythms make a complete 2/4 bar.

Hint: Add the rhythmic values and check whether the beat divides into two or three.

### Question 8 of 30

ID: ah-literacy-medium-008 | Concept: time-signature | Type: notation | Stages 6-10

**Which time signature fits this complete bar?**

**A. 3/4 (correct)**

B. 2/4

C. 4/4

D. 5/4

Visual or notation: A complete 3/4 bar.

Explanation: The displayed rhythms make a complete 3/4 bar.

Hint: Add the rhythmic values and check whether the beat divides into two or three.

### Question 9 of 30

ID: ah-literacy-medium-009 | Concept: time-signature | Type: notation | Stages 6-10

**Which time signature fits this complete bar?**

**A. 4/4 (correct)**

B. 2/4

C. 3/4

D. 5/4

Visual or notation: A complete 4/4 bar.

Explanation: The displayed rhythms make a complete 4/4 bar.

Hint: Add the rhythmic values and check whether the beat divides into two or three.

### Question 10 of 30

ID: ah-literacy-medium-010 | Concept: time-signature | Type: notation | Stages 6-10

**Which time signature fits this complete bar?**

**A. 6/8 (correct)**

B. 2/4

C. 3/4

D. 4/4

Visual or notation: A complete 6/8 bar.

Explanation: The displayed rhythms make a complete 6/8 bar.

Hint: Add the rhythmic values and check whether the beat divides into two or three.

### Question 11 of 30

ID: ah-literacy-medium-011 | Concept: five-four-missing-rest | Type: notation | Stages 6-10 | game limit: 1 from five-four

**Which rest completes this 5/4 bar?**

**A. Dotted minim rest (correct)**

B. Crotchet rest

C. Minim rest

D. Semibreve rest

Visual or notation: A 5/4 bar grouped as three crotchet beats followed by two, with one missing rest.

Explanation: A dotted minim rest supplies the missing beats in this 5/4 bar.

Hint: Count the first group of three crotchet beats, then the final group of two.

### Question 12 of 30

ID: ah-literacy-medium-012 | Concept: five-four-missing-rest | Type: notation | Stages 6-10 | game limit: 1 from five-four

**Which rest completes this 5/4 bar?**

**A. Minim rest (correct)**

B. Crotchet rest

C. Dotted minim rest

D. Semibreve rest

Visual or notation: A 5/4 bar grouped as three crotchet beats followed by two, with one missing rest.

Explanation: A minim rest supplies the missing beats in this 5/4 bar.

Hint: Count the first group of three crotchet beats, then the final group of two.

### Question 13 of 30

ID: ah-literacy-medium-013 | Concept: five-four-missing-rest | Type: notation | Stages 6-10 | game limit: 1 from five-four

**Which rest completes this 5/4 bar?**

**A. Crotchet rest (correct)**

B. Minim rest

C. Dotted minim rest

D. Semibreve rest

Visual or notation: A 5/4 bar grouped as three crotchet beats followed by two, with one missing rest.

Explanation: A crotchet rest supplies the missing beats in this 5/4 bar.

Hint: Count the first group of three crotchet beats, then the final group of two.

### Question 14 of 30

ID: ah-literacy-medium-014 | Concept: five-four-missing-rest | Type: notation | Stages 6-10 | game limit: 1 from five-four

**Which rest completes this 5/4 bar?**

- A. Minim rest (correct)**
- B. Crotchet rest
- C. Dotted minim rest
- D. Semibreve rest

Visual or notation: A 5/4 bar grouped as three crotchet beats followed by two, with one missing rest.

Explanation: A minim rest supplies the missing beats in this 5/4 bar.

Hint: Count the first group of three crotchet beats, then the final group of two.

### Question 15 of 30

ID: ah-literacy-medium-015 | Concept: five-four-missing-rest | Type: notation | Stages 6-10 | game limit: 1 from five-four

**Which rest completes this 5/4 bar?**

- A. Crotchet rest (correct)**
- B. Minim rest
- C. Dotted minim rest
- D. Semibreve rest

Visual or notation: A 5/4 bar grouped as three crotchet beats followed by two, with one missing rest.

Explanation: A crotchet rest supplies the missing beats in this 5/4 bar.

Hint: Count the first group of three crotchet beats, then the final group of two.

### Question 16 of 30

ID: ah-literacy-medium-016 | Concept: five-four-missing-rest | Type: notation | Stages 6-10 | game limit: 1 from five-four

**Which rest completes this 5/4 bar?**

- A. Minim rest (correct)**
- B. Crotchet rest
- C. Dotted minim rest
- D. Semibreve rest

Visual or notation: A 5/4 bar grouped as three crotchet beats followed by two, with one missing rest.

Explanation: A minim rest supplies the missing beats in this 5/4 bar.

Hint: Count the first group of three crotchet beats, then the final group of two.

### Question 17 of 30

ID: ah-literacy-medium-017 | Concept: five-four-missing-rest | Type: notation | Stages 6-10 | game limit: 1 from five-four

**Which rest completes this 5/4 bar?**

- A. Crotchet rest (correct)**
- B. Minim rest
- C. Dotted minim rest
- D. Semibreve rest

Visual or notation: A 5/4 bar grouped as three crotchet beats followed by two, with one missing rest.

Explanation: A crotchet rest supplies the missing beats in this 5/4 bar.

Hint: Count the first group of three crotchet beats, then the final group of two.

### Question 18 of 30

ID: ah-literacy-medium-018 | Concept: five-four-missing-rest | Type: notation | Stages 6-10 | game limit: 1 from five-four

**Which rest completes this 5/4 bar?**

- A. Minim rest (correct)**
- B. Crotchet rest
- C. Dotted minim rest
- D. Semibreve rest

Visual or notation: A 5/4 bar grouped as three crotchet beats followed by two, with one missing rest.

Explanation: A minim rest supplies the missing beats in this 5/4 bar.

Hint: Count the first group of three crotchet beats, then the final group of two.

### Question 19 of 30

ID: ah-literacy-medium-019 | Concept: enharmonic-equivalent | Type: notation | Stages 6-10

**Which note is the enharmonic equivalent of the note shown?**

- A. D flat (correct)
- B. C sharp
- C. D sharp
- D. E flat

Visual or notation: C sharp.

Explanation: D flat sounds at the same pitch but is written with a different letter name.

Hint: Move one letter name and change from a sharp to a flat, or from a flat to a sharp.

### Question 20 of 30

ID: ah-literacy-medium-020 | Concept: enharmonic-equivalent | Type: notation | Stages 6-10

**Which note is the enharmonic equivalent of the note shown?**

- A. C sharp (correct)
- B. D sharp
- C. E flat
- D. F sharp

Visual or notation: D flat.

Explanation: C sharp sounds at the same pitch but is written with a different letter name.

Hint: Move one letter name and change from a sharp to a flat, or from a flat to a sharp.

### Question 21 of 30

ID: ah-literacy-medium-021 | Concept: enharmonic-equivalent | Type: notation | Stages 6-10

**Which note is the enharmonic equivalent of the note shown?**

- A. E flat (correct)
- B. D sharp
- C. F sharp
- D. G flat

Visual or notation: D sharp.

Explanation: E flat sounds at the same pitch but is written with a different letter name.

Hint: Move one letter name and change from a sharp to a flat, or from a flat to a sharp.

### Question 22 of 30

ID: ah-literacy-medium-022 | Concept: enharmonic-equivalent | Type: notation | Stages 6-10

**Which note is the enharmonic equivalent of the note shown?**

- A. D sharp (correct)
- B. F sharp
- C. G flat
- D. G sharp

Visual or notation: E flat.

Explanation: D sharp sounds at the same pitch but is written with a different letter name.

Hint: Move one letter name and change from a sharp to a flat, or from a flat to a sharp.

### Question 23 of 30

ID: ah-literacy-medium-023 | Concept: enharmonic-equivalent | Type: notation | Stages 6-10

**Which note is the enharmonic equivalent of the note shown?**

- A. G flat (correct)
- B. C sharp
- C. D flat
- D. D sharp

Visual or notation: F sharp.

Explanation: G flat sounds at the same pitch but is written with a different letter name.

Hint: Move one letter name and change from a sharp to a flat, or from a flat to a sharp.

### Question 24 of 30

ID: ah-literacy-medium-024 | Concept: enharmonic-equivalent | Type: notation | Stages 6-10

**Which note is the enharmonic equivalent of the note shown?**

- A. F sharp (correct)
- B. D flat
- C. D sharp
- D. E flat

Visual or notation: G flat.

Explanation: F sharp sounds at the same pitch but is written with a different letter name.

Hint: Move one letter name and change from a sharp to a flat, or from a flat to a sharp.

### Question 25 of 30

ID: ah-literacy-medium-025 | Concept: enharmonic-equivalent | Type: notation | Stages 6-10

**Which note is the enharmonic equivalent of the note shown?**

- A. A flat (correct)
- B. D sharp
- C. E flat
- D. F sharp

Visual or notation: G sharp.

Explanation: A flat sounds at the same pitch but is written with a different letter name.

Hint: Move one letter name and change from a sharp to a flat, or from a flat to a sharp.

### Question 26 of 30

ID: ah-literacy-medium-026 | Concept: enharmonic-equivalent | Type: notation | Stages 6-10

**Which note is the enharmonic equivalent of the note shown?**

- A. G sharp (correct)
- B. E flat
- C. F sharp
- D. G flat

Visual or notation: A flat.

Explanation: G sharp sounds at the same pitch but is written with a different letter name.

Hint: Move one letter name and change from a sharp to a flat, or from a flat to a sharp.

### Question 27 of 30

ID: ah-literacy-medium-027 | Concept: enharmonic-equivalent | Type: notation | Stages 6-10

**Which note is the enharmonic equivalent of the note shown?**

- A. B flat (correct)
- B. C sharp
- C. D flat
- D. D sharp

Visual or notation: A sharp.

Explanation: B flat sounds at the same pitch but is written with a different letter name.

Hint: Move one letter name and change from a sharp to a flat, or from a flat to a sharp.

### Question 28 of 30

ID: ah-literacy-medium-028 | Concept: enharmonic-equivalent | Type: notation | Stages 6-10

**Which note is the enharmonic equivalent of the note shown?**

- A. A sharp (correct)
- B. D flat
- C. D sharp
- D. E flat

Visual or notation: B flat.

Explanation: A sharp sounds at the same pitch but is written with a different letter name.

Hint: Move one letter name and change from a sharp to a flat, or from a flat to a sharp.

Visual or notation: The segno sign.

Explanation: This is the segno sign. D.S. tells the performer to return to this sign.

Hint: Segno is the sign used by a D.S. instruction.

## Hard - 144 questions

### Question 1 of 144

ID: ah-literacy-hard-chord-001 | Concept: chord-and-position | Type: notation | Stages 11-15 | game limit: 1 from chord-and-position

**In C major, which chord is shown and what is its position?**

- A. Chord I, root position (correct)**
- B. Chord II, 1st inversion
- C. Chord IV, 2nd inversion
- D. Chord V, root position

Visual or notation: A chord shown on a grand stave in C major.

Explanation: The notes form chord I in root position.

Hint: Identify the root, then use the bass note to decide the position: root, third or fifth in the bass.

### Question 2 of 144

ID: ah-literacy-hard-chord-002 | Concept: chord-and-position | Type: notation | Stages 11-15 | game limit: 1 from chord-and-position

**In C major, which chord is shown and what is its position?**

- A. Chord I, 1st inversion (correct)**
- B. Chord IV, 2nd inversion
- C. Chord V, root position
- D. Chord VI, 1st inversion

Visual or notation: A chord shown on a grand stave in C major.

Explanation: The notes form chord I in 1st inversion.

Hint: Identify the root, then use the bass note to decide the position: root, third or fifth in the bass.

### Question 3 of 144

ID: ah-literacy-hard-chord-003 | Concept: chord-and-position | Type: notation | Stages 11-15 | game limit: 1 from chord-and-position

**In C major, which chord is shown and what is its position?**

- A. Chord I, 2nd inversion (correct)**
- B. Chord V, root position
- C. Chord VI, 1st inversion
- D. Chord II, 1st inversion

Visual or notation: A chord shown on a grand stave in C major.

Explanation: The notes form chord I in 2nd inversion.

Hint: Identify the root, then use the bass note to decide the position: root, third or fifth in the bass.

### Question 4 of 144

ID: ah-literacy-hard-chord-004 | Concept: chord-and-position | Type: notation | Stages 11-15 | game limit: 1 from chord-and-position

**In C major, which chord is shown and what is its position?**

- A. Chord II, root position (correct)**
- B. Chord VI, 1st inversion
- C. Chord I, 2nd inversion
- D. Chord IV, root position

Visual or notation: A chord shown on a grand stave in C major.

Explanation: The notes form chord II in root position.

Hint: Identify the root, then use the bass note to decide the position: root, third or fifth in the bass.

### Question 5 of 144

ID: ah-literacy-hard-chord-005 | Concept: chord-and-position | Type: notation | Stages 11-15 | game limit: 1 from chord-and-position

**In C major, which chord is shown and what is its position?**

- A. Chord II, 1st inversion (correct)**
- B. Chord I, 2nd inversion
- C. Chord IV, root position
- D. Chord V, 1st inversion

Visual or notation: A chord shown on a grand stave in C major.

Explanation: The notes form chord II in 1st inversion.

Hint: Identify the root, then use the bass note to decide the position: root, third or fifth in the bass.

### Question 6 of 144

ID: ah-literacy-hard-chord-006 | Concept: chord-and-position | Type: notation | Stages 11-15 | game limit: 1 from chord-and-position

**In C major, which chord is shown and what is its position?**

- A. Chord IV, root position (correct)**
- B. Chord II, 1st inversion
- C. Chord V, 2nd inversion
- D. Chord VI, root position

Visual or notation: A chord shown on a grand stave in C major.

Explanation: The notes form chord IV in root position.

Hint: Identify the root, then use the bass note to decide the position: root, third or fifth in the bass.

### Question 7 of 144

ID: ah-literacy-hard-chord-007 | Concept: chord-and-position | Type: notation | Stages 11-15 | game limit: 1 from chord-and-position

**In C major, which chord is shown and what is its position?**

- A. Chord IV, 1st inversion (correct)**
- B. Chord V, 2nd inversion
- C. Chord VI, root position
- D. Chord I, 1st inversion

Visual or notation: A chord shown on a grand stave in C major.

Explanation: The notes form chord IV in 1st inversion.

Hint: Identify the root, then use the bass note to decide the position: root, third or fifth in the bass.

### Question 8 of 144

ID: ah-literacy-hard-chord-008 | Concept: chord-and-position | Type: notation | Stages 11-15 | game limit: 1 from chord-and-position

**In C major, which chord is shown and what is its position?**

- A. Chord IV, 2nd inversion (correct)**
- B. Chord VI, root position
- C. Chord I, 1st inversion
- D. Chord II, 1st inversion

Visual or notation: A chord shown on a grand stave in C major.

Explanation: The notes form chord IV in 2nd inversion.

Hint: Identify the root, then use the bass note to decide the position: root, third or fifth in the bass.

### Question 9 of 144

ID: ah-literacy-hard-chord-009 | Concept: chord-and-position | Type: notation | Stages 11-15 | game limit: 1 from chord-and-position

**In C major, which chord is shown and what is its position?**

- A. Chord V, root position (correct)
- B. Chord I, 1st inversion
- C. Chord II, root position
- D. Chord IV, root position

Visual or notation: A chord shown on a grand stave in C major.

Explanation: The notes form chord V in root position.

Hint: Identify the root, then use the bass note to decide the position: root, third or fifth in the bass.

### Question 10 of 144

ID: ah-literacy-hard-chord-010 | Concept: chord-and-position | Type: notation | Stages 11-15 | game limit: 1 from chord-and-position

**In C major, which chord is shown and what is its position?**

- A. Chord V, 1st inversion (correct)
- B. Chord II, root position
- C. Chord IV, root position
- D. Chord VI, 1st inversion

Visual or notation: A chord shown on a grand stave in C major.

Explanation: The notes form chord V in 1st inversion.

Hint: Identify the root, then use the bass note to decide the position: root, third or fifth in the bass.

### Question 11 of 144

ID: ah-literacy-hard-chord-011 | Concept: chord-and-position | Type: notation | Stages 11-15 | game limit: 1 from chord-and-position

**In C major, which chord is shown and what is its position?**

- A. Chord V, 2nd inversion (correct)
- B. Chord IV, root position
- C. Chord VI, 1st inversion
- D. Chord I, 2nd inversion

Explanation: The notes form chord V in 2nd inversion.

Hint: Identify the root, then use the bass note to decide the position: root, third or fifth in the bass.

### Question 12 of 144

ID: ah-literacy-hard-chord-012 | Concept: chord-and-position | Type: notation | Stages 11-15 | game limit: 1 from chord-and-position

**In C major, which chord is shown and what is its position?**

- A. Chord VI, root position (correct)
- B. Chord V, 1st inversion
- C. Chord I, 2nd inversion
- D. Chord II, 1st inversion

Visual or notation: A chord shown on a grand stave in C major.

Explanation: The notes form chord VI in root position.

Hint: Identify the root, then use the bass note to decide the position: root, third or fifth in the bass.

### Question 13 of 144

ID: ah-literacy-hard-chord-013 | Concept: chord-and-position | Type: notation | Stages 11-15 | game limit: 1 from chord-and-position

**In C major, which chord is shown and what is its position?**

- A. Chord VI, 1st inversion (correct)
- B. Chord I, 2nd inversion
- C. Chord II, 1st inversion
- D. Chord IV, 1st inversion

Visual or notation: A chord shown on a grand stave in C major.

Explanation: The notes form chord VI in 1st inversion.

Hint: Identify the root, then use the bass note to decide the position: root, third or fifth in the bass.

### Question 14 of 144

ID: ah-literacy-hard-chord-014 | Concept: chord-and-position | Type: notation | Stages 11-15 | game limit: 1 from chord-and-position

**In C major, which chord is shown and what is its position?**

- A. Chord VI, 2nd inversion (correct)**
- B. Chord II, 1st inversion
- C. Chord IV, 1st inversion
- D. Chord V, 2nd inversion

Visual or notation: A chord shown on a grand stave in C major.

Explanation: The notes form chord VI in 2nd inversion.

Hint: Identify the root, then use the bass note to decide the position: root, third or fifth in the bass.

### Question 15 of 144

ID: ah-literacy-hard-chord-015 | Concept: chord-and-position | Type: notation | Stages 11-15 | game limit: 1 from chord-and-position

**In G major, which chord is shown and what is its position?**

- A. Chord I, root position (correct)**
- B. Chord V, 1st inversion
- C. Chord VI, 2nd inversion
- D. Chord II, 1st inversion

Visual or notation: A chord shown on a grand stave in G major.

Explanation: The notes form chord I in root position.

Hint: Identify the root, then use the bass note to decide the position: root, third or fifth in the bass.

### Question 16 of 144
